PLANS CLEVER CONTRIVANCE TO DESTROY LIQUOR

G. C. Marshall, Mill-St. Arrested; Apparatus Fails To Work

CHIEF'S CALL UNEXPECTED

Held in City Prison for Hearing on Charge of Dry Law Violation

His genius as an inventor, which enabled him to rig up a cleverly contrived mechanical device for covering up bootlegging operations, failed to keep G. O. Marshall, 42, proprietor of an automobile battery station at 121 Mill-st, from the toils of the law, Thursday afternoon.

Marshall, placed under arrest after a futile attempt to operate the contraption planned to destroy the liquor which he is charged with marketing, is held at the city prison awaiting arraignment before Mayor Hazen for violation of the dry law.

A series of raids by police at Marshall's place of business made during the last week had failed to catch him with the goods until Chief of Police Thompson, accompanied by Patrolman Powell, called unexpectedly about 4 o'clock Thursday afternoon and caught the alleged liquor trafficker unawares

Tank of Acid

Police report that in a rear room of Marshall's place of business was a tank of acid which was the most important part of the device used to destroy evidence of his bootlegging traffic. Over the opening at the top of this tank was a small trap door on which Marshall placed a pitcher containing his supply of liquor. By means of a system of wires, ropes and levers, he was able to operate the trap and dump the liquor into the acid whenever an officer arrived. The acid, a powerful solution used in automobile batteries, completely destroyed all trace of the intoxicants.

EXTRA FREIGHTS CRASH, TWO TRAINMEN KILLED

Four Others Reported Seriously Injured in Pennsy Rail Smashup

Harrisburg, Pa., Nov. 5—Two trainmen were killed and four others seriously injured early today when two extra freight trains on the Pennsylvania Railroad collided at Millersburg, 30 miles from here, according to reports to the Pennsylvania offices here.

The men killed were Paul T. Bailey, Lykens, Pa., an engineer; and Wilbur J. Snee, Sunbury, brakeman.

According to reports, a local train on the Lykens branch of the Pennsylvania Railroad ran onto the main line near Millersburg and crashed head-on with a main line freight.

MUTE COUPLE IS FOUND ASPHYXIATED IN HOME

Mr. and Mrs. Frank E. Bennis, Fostoria, Missing Since Tuesday

Fostoria, Oct. 5—The bodies of Mr. and Mrs. Frank E. Bennis, deaf mutes, were discovered in their home here today by J. E. Whiteman, a farmer, for whom Bennis worked, who broke down the door.

They had been asphyxiated.

The couple had not been seen since Tuesday, thus arousing the suspicions of Whiteman, who began a search for them. The nature of the gas which caused their death has not been determined.

GUARD HOME OF JUDGE IN M'PHERSON TRIAL

Police Stationed at Residence After Jurist Gets Death Threat

Los Angeles, Nov. 5—The home of Judge Samuel R. Blake, who ordered Mrs. Aimee Semple McPherson; her mother, Mrs. Minnie Kennedy, and Mrs. Lorraine Wiseman-Sidell, held for trial in Superior Court on criminal conspiracy charges, was under police guard today. The guard was put around his home after he had received a death threat over the telephone last night.

The trial of the three defendants will probably be launched during the first part of January, it is thought.

While all concerned are recuperating from the ordeal of the preliminary hearing of five weeks, rumors were still current today that a change of venue would be asked in the McPherson case.

BRITISH COAL STRIKE MOVING RAPIDLY TO END

London, Nov. 5—The British coal strike is apparently moving rapidly to an end.

The Trades Union Congress delegation, headed by J. H. Thomas, has opened conferences with Premier Baldwin and there is a report in Whitehall that there is a strong possibility of the miners federation ordering all strikers back to work within forty-eight hours.

Man to Attempt 110-Hour Non-Stop Auto Drive Here

BY GILMORE HIETT

IF a man, "Tireless Bud" Bradley by name, does what he thinks he can and what another man, J. L. Price, of the Marion Buick Co., E. Center-st, thinks he can't, Marion people next week will be given as choice a morsel for discussion as has ever been offered in local history.

The best of it is that the two gentlemen in question prize their personal opinions about the matter highly enough to back them up with $1,000 wagers.

To explain in detail, "Tireless Bud" Bradley, who is a veteran Tank Corps lieutenant in the World War and a life long believer in physical fitness, contends that he can drive an automobile continuously for 110 hours, without stopping to eat, sleep or rest.

J. L. Price on the other hand, contends that "Tireless Bud" cannot accomplish this feat. He is very emphatic about the whole thing and has gone far enough to say that Bradley cannot do it under the most ideal conditions.

Following a more or less heated airing of views on the matter by the two principals, they signed a written contract in the offices of the Buick Co. yesterday and completed arrangements for an attempted 110 hour continuous drive to start Monday night at nine thirty o'clock.

The terms of the contract are set forth in an uncertain manner. "Tireless Bud" is to be kept fortified to the wheel of an automobile and is to start driving and never stop until the end of his contract. He is to be given no allowance for accidents, flat tires, weather, traffic signals, freight trains or what not. Stopping is fatal to the effort of $1,000 already posted according to the terms of the contract.

Price is to meet Bradley's requirements in furnishing him the new test car available. One that can stand the rigor of 110 hours of continuous operation, that is guaranteed not to break. Tireless Bud is a mechanic and in the contract with a breakdown that is easily operated.

Bradley stated today that he was full confident he is able to drive for the recognized regulations of nature and drive the car four nights, four days and until two o'clock in the afternoon of the fifth day without stopping for sleep or rest. He served in Company C, 326 Battalion Tank Corps during the World War and acted as

WORKERS HOPE FOR RECOVERY OF BODIES SOON

Number of Entombed Miners Reported Officially as 51 Today

Ishpeming, Mich., Nov. 5—Steadily receding waters in the Barnes-Hecker mine where 51 men in all probability met death, Wednesday, stirred workers today to hope they might reach the 44 yet in the mine within the next 24 hours.

Mine officials, on a check-up of men find that Frank Heino failed to report for duty Wednesday morning, the day of the disaster. Heino is said to have stayed at home to assist the two-day bride of his son, Arvid, arrange newly purchased furniture in their home.

Heino, however, was too broken up over the news of his comrades' death to rejoice over his own good fortune.

Meanwhile, hundreds of women and children, relatives of the entombed men, crowded about the mouth of the ill-fated shaft, hoping that by some miracle the verdict that "all were lost" might prove wrong.

The men were working on the bottom level of the 1,000-foot shaft Wednesday noon when the bottom of a quickstand swamp dropped into the mine workings and engulfed them.

Seven bodies from which the clothes had been washed by the force of the torrent, were recovered at the surface on an adjoining shaft, two miles from the main Barnes-Hecker shaft.

Bodies of the remaining victims may not be recovered for days, perhaps weeks, mine officials pointed out. It will be necessary to sink a new shaft through the quagmire of mud and sand before they can be reached, it was said.

"MALICIOUS PROPAGANDA" BLAMED FOR DEFEAT

"Underhanded Crowd" Attacked by Hamilton County Republican Chairman

Cincinnati, Nov. 5—"False and malicious propaganda" circulated too late for successful contradiction, was blamed today by Fred Schneller, chairman of the Hamilton County Republican Central Committee, for the "untimely defeat" of Myers Y. Cooper, gubernatorial aspirant, in his home county.

Schneller and Brig. Gen. P. Lincoln Mitchell, of the State Central Committee, both declared that an "underhanded crowd," figuratively "knifed" Cooper in Hamilton County.

Cooper lost Hamilton County by approximately the same margin that Governor Donahey was given in the statewide vote, they pointed out.

CLASS RUSH DEVELOPS INTO STUDENT RIOT

20 Injured, Five Under Arrest, Cambridge and Boston Property Damaged

Boston, Nov. 5—Twenty persons were injured, five were arrested and scores of students are today facing suspension or expulsion from a wild riot of 600 Massachusetts Institute of Technology men through Cambridge and this city, leaving a wake of destruction.

Six of the students are suffering from the effects of tear bombs used by the police to quell the rioters battling with reserves in a dancehall. Another was hurt when run over by an automobile. Scores more were suffering from the set-to with the police.

College authorities today were planning an investigation of the riot which began in the annual rush between two classes on the campus. The police of Cambridge and Boston were also investigating with a view to obtaining warrants for the arrest of more students.

Store signs were torn down, windows broken, automobiles were wrecked, cars of the Boston elevated halted, trolley cords cut and window grills ripped off while two cars on a train in the tunnel were put out of commission altogether.

CASH, FURS, JEWELRY LOOT OF DETROIT BANDITS

Detroit, Mich., Nov. 5—Bandits escaped with $26,000 in cash, furs and jewelry in three holdups within an hour today.

Furs valued at $20,000 were taken by three bandits from the Mager fur store, the $4,000 payroll of the Crysler Refrigerating Co. was taken by four men and two fled with the $900 payroll of the Reliable Tool and Die Co. and $2000 worth of jewelry owned by Sam Gantry, an official of the firm.

City Health Board Demands Pollak and Erie Install Smoke, Soot Eliminators

"Clean Air" Campaign Launched After Complaints Are Filed by Resident Property Owners; Resolution Declares Condition Health Menace

A "clean air" campaign was launched by the Marion Board of Health at its monthly meeting, Wednesday afternoon, with the adoption of a resolution demanding that the Pollak Steel Co. and the Erie Railroad Co. install equipment at their plants here to eliminate smoke and soot against which complaints have been filed by residents of the south and west sections of the city.

The resolution declares that the condition resulting from smoke and soot pouring from these industrial plants has become a nuisance and a menace to public health and for that reason should be remedied at once by the installation of smoke-consuming equipment.

Cites Condition

The matter was brought to the attention of the board by one of its members, Mrs. Frank Phillips of 815 S. Prospect-st, who said that the situation in her section of the city resulting from operations of the Pollak Co.'s steel plant has become unbearable and that action to provide a remedy is absolutely imperative in order to protect the health of residents of the South Side and provide suitable living conditions.

Complaints have been filed with Pollak company officials on numerous occasions during the last few years with no results, Mrs. Phillips stated. A committee of five South Side residents which visited the office of the company here last summer was informed at first that the situation could not be remedied and then was told that if the Erie Railroad Co. was required to eliminate smoke at its shops and round house, the Pollak Co. would take the same steps.

It was because of this provision in the Pollak Co.'s promise and the report that West Side residents have filed frequent complaints regarding smoke from the Erie shops, that the health board included the Erie in the resolution adopted Wednesday.

CABINET DECIDES TO CANCEL ALL PASSPORTS

Action Taken in Movement Against Anti-Fascist Government Plotters

Rome, Nov. 5—The Italian cabinet today decided to cancel all passports which have been issued, as a part of the drastic program which is being undertaken to check the plots against the premier and the fascist government.

This action, it is understood is taken to prevent anti-fascists from leaving Italy to hatch plots in foreign lands.

The cabinet issued orders to soldiers on duty on the frontier and customs stations to shoot any Italian nationals who attempt to cross the frontier without authority. Orders were also issued for the abolition of political anti-fascist societies and newspapers.

The organization of a special police force to guard against anti-fascist plots was also decided upon.

FIVE MEN BURN TO DEATH IN TRAIN COLLISION TODAY

SLATER BEGINS PROBE OF NADEL ACTS AT CANTON

Cincinnati Sleuth Says He Is Building Hole-Proof Case Against Man

Canton, Nov. 5—While Prosecutor C. R. McClintock was making arrangements today for the arraignment of Pat McDermott on a first degree murder indictment in connection with the shooting down of Don R. Mellett, militant Canton publisher, Ora Slater, Cincinnati sleuth, began his intensive investigation of Morris Nadel's connection with the assassination.

Slater, "home-spun psychologist," who has bound together many of the loose ends of the mystery, returned last night from Cincinnati where he had been confined to his home with illness and today said that bit by bit he was building a hole-proof case against Nadel and hoped soon to be able to present sufficient evidence to the grand jury which would warrant the handing down of a true bill against the suspect.

Plan Opposition

McClintock's attempt to obtain an arraignment of the alleged "key figure" today will be met with opposition from E. L. Mills, Canton attorney for Louis Mazer and Ben Rudner, who was selected late yesterday by Pat as his attorney.

"The statutes provide," Mills said, "that from 24 hours to two weeks must be granted a man served with an indictment for conferences with his attorney, before he is arraigned."

"Pat was served with the indictment yesterday and has had no opportunity to confer with me, so I will insist that the judge allow several days to pass before arraigning him," Mills said.

Storm clouds also hovered over McClintock's demand to be presented today, that McDermott be tried before Mazer, whose case was to open today.

Mills announced that he intended to ask Judge Edwin Dodd to overrule McClintock's request and he will assert that Mazer go to trial on Monday as scheduled.

DANIEL PFAFF IS RELEASED ON BOND

Cleveland, Nov. 5—Daniel Pfaff, alleged right hand man of Ben Nadel and one of seven held here on a conspiracy charge to violate the national prohibition law, was released on $5,000 bond here today.

Others in the alleged conspiracy who are also lieutenants of Nadel, according to U. S. Attorney A. E. Bennetch, have failed as yet to make bond.

Nadel, who is held in Canton in connection with the Mellett murder case, was arrested with a number of his associates on the liquor conspiracy charge by detectives investigating the Cleveland angle of the Mellett case, following the capture of Pat McDermott.

TOLEDO POLICE PROBNG NEGRO'S 'CLUBBER' STORY

Give Little Credence To Confession That He Is Mysterious Killer

Toledo, Nov. 5—Toledo police today were investigating the "confession" of John Helms, 34, a negro, held as a suspect in the Toledo clubbing cases.

The mysterious "clubber" has killed four women and attacked several others during the past year, two of the victims being killed within the past two weeks.

Helms, arrested on complaint of members of his family that they were unable to control him, appears to be demented, police said, but they put but little credence in his admission that he is the "clubber." The negro has been living near the scene of the two latest murders committed by the clubber.

Marion Man Takes Life As Bride of Month Leaves Him

Paul Holt, 22, of 557 Mary-St, Suicides at New Castle, Ind., After Futile Attempt To Affect Reconciliation, Police Learn

DETAILS OF TRAGEDY RECEIVED

Young Husband Follows Wife to Indiana Town After Separation Here Early This Week; Resided in Herman-St Apartment

DESPONDENT over domestic troubles which led to separation from his wife only about a month following his wedding day, Paul Holt, age 22, of 557 Mary-st, committed suicide Thursday night by swallowing strychnine at New Castle, Ind., where he had gone in a futile attempt to effect a reconciliation.

Mr. and Mrs. Holt separated early this week, the wife going to New Castle. Her young husband followed her to the Indiana city, leaving here yesterday. At the time of their separation, they were residing in an apartment on Herman-st.

Holt registered at the Imperial Hotel there last night and informed the night clerk he "was dying."

He explained that after a quarrel with his wife, whom he had followed there from Marion, he had taken strychnine. The youth was rushed to a local clinic but died within a short time.

According to the story related by the young widow today, she had quarreled with her husband preceding her departure, and had told him that unless he could keep his job and become a man, she would stay with her parents.

She declared that Holt had made several threats to take his own life even doing so on the day after their marriage, and that on one or two occasions he had even gone so far as to take poison, but not in sufficient quantity to do harm.

Holt, upon his arrival here yesterday went to the home of his wife's parents for a conference. No reconciliation was effected he leaving there about 9 o'clock last night, and going to the hotel, where he complained of being ill after registering. When half an hour later he handed a note to the clerk, asking that his wife and parents be notified that he was dying, police were called. Holt however left the hotel before the police arrived and went to the home of his wife's parents where he demanded to see her. While waiting for her appearance on the front porch, he collapsed, and was taken to a hospital by two officers, who happened to pass the residence. Holt died at 11 o'clock in a hospital.

Two empty packages labeled strychnine, coming from the Chrispin Drug Store, Marion, were found with the letter, which was addressed to his wife and contained the following:

"Evelyn, please come to me at once as I am dying. I asked you once before but you didn't come. Paul."

Coroner Davis today pronounced the case a plain suicide filing his verdict as such.

First news of the young man's tragic death came shortly after 1 o'clock this morning in a message to the local police department from authorities at New Castle, asking that Charles Holt of 557 Mary-st, father of the youth, be notified. The message stated that the suicide occurred at 10:40 o'clock Thursday night but gave no further details.

Paul Holt was born near Mt. Victory, Hardin County, Nov. 17, 1901, and had lived in Marion about seven years. He was employed at the plant of the Pollak

VARE'S FOES TO CHARGE FRAUD IN BALLOTING

Militant Opponents Forging Two-Edged Sword To Block Seating

Washington, Nov. 5—A two-edged sword was being forged today by the militant opponents of the claim of William S. Vare, of Pennsylvania to a seat in the United States senate.

Vare will not only face a bitter attack upon the huge expenditures for him in the primary, but it will be charged that he was fraudulently elected in Tuesday's balloting, it was indicated today.

The new tactics being evolved in the battle against the conqueror of George Wharton Pepper and "Billy" Wilson were disclosed in a statement of Senator Norris, Nebraska progressive republican. Although Vare came through the election with a big majority, Norris declared he was repudiated outside of Philadelphia and triumphed there through manipulation of the ballots. In 76 Philadelphia precincts which gave Vare 17,000 votes last Tuesday, his democratic opponent William B. Wilson, received but 32 votes, Norris pointed out.

Machine Control

"These," he said, "are samples showing methods of machine control in Philadelphia. Results in some parts of Philadelphia were announced in advance, even before any votes were cast. Does any sane, patriotic citizen of the United States think for a moment that these figures are the actual results of a fair and honest election?

FAIR, NICKELS SUCCEED IN CLOSE BALLOT RACE

Final Tabulation on State Senatorial Contest in Combined Districts Announced

Columbus, Nov. 5—A. Lee Fair, Democrat, Millersburg, and Walter G. Nickels, Republican, of New Philadelphia, will be the senators for the combined seventh, eighteenth, nineteenth and twenty-eighth district in the eighty-seventh general assembly here next year, according to a final tabulation of votes cast in that district, made at the senate clerk's office here today.

Nickels led the district, received 24,401 votes. Fair ranked second with 22,827. A. H. Elling, Oxville, other Democratic aspirant, received 22,661 votes and H. L. D. Cornell, Republican, of Sarepe, 20,640.

Earlier returns showed Fair and Elling running close.

Figures from a few widely scattered precincts received early today settled the election.

The senatorial district furnished the only two Democrats in the last general assembly. There will be but two from the Democratic party in the senate this term. D. H. Dearmond, of Hamilton, who defeated J. L. Miller, Republican, of Middletown, in the second district, being the other.

JAPANESE PLAN NAVAL CONSTRUCTION PROGRAM

Tokio, Nov. 5—The Japanese cabinet, it was reported here today, has adopted a naval subsidiary warship construction program covering a five year period of expenditure amounting to 261,000,000 yen.

The program, it is understood, provides for the building of 28 ships, including four cruisers, 15 destroyers, four submarines, three gunboats, two special service ships and one airplane carrier.

VIOLATIONS REPORTED AT HEALTH MEETING

Indicated That Prosecutions Will Result Unless Practices Are Stopped

Reports that certain provisions of the City Milk Code are being violated in Marion homes were received Thursday afternoon at the monthly meeting of the Board of Health and it was indicated that prosecution may result if the rules are not more closely observed.

The code prohibits placing anything but milk in bottles intended for that purpose and this rule is frequently violated here, according to statements of board members. Any persons found guilty of violating this provision of the code is subject to a fine of $25.

Enforcement of the rule is difficult unless names of violators are reported and the board members expressed the opinion that citizens should cooperate by notifying authorities of violations. This cooperation is needed as a safeguard to health conditions in the community, it was pointed out.

The matter came up for discussion when Mrs. Frank Phillips, a member of the board, told of a milk man having reported that one of his customers turned back three bottles in which coal oil had been placed. Had these bottles been discovered and thrown out before going to the dairy it is likely that contamination of a large amount of milk would have resulted, the dealer stated

Meeker School Levy Vote "Tie" Broken on Recount

THE special tax levy proposed for the Meeker School District, voted upon in Tuesday's election was defeated by a majority of eight votes, according to a recheck of the count made Thursday by school officials. The result stood a tie in the unofficial count announced Tuesday night but the recheck showed that a mistake of eight votes had been made in transferring totals to the tally sheets. As a consequence of this error being discovered, the levy stands defeated by a vote of 124 to 116

There are four precincts in the Meeker district and a complete check was made of the records of all ballots cast. The mistake was found in the Big Island township report.

Had no error been found to change the tie the tax levy would have lost. Hector S. Young, attorney for the county schools states, as the law stipulates that proposals of this kind carry only when they receive a majority of the votes.

Hill Arrives

The period between the exercises given aboard the train remained below the surface until the arrival of Sam Hill. Following the performance at the collective exercises at Maryhill a words duel occurred at the horse show in Portland, Oregon, in the royal box. Hill ordered Major Stanley Washburn, aide and close friend to Queen Marie, to leave the train. Washburn resented coolly.

"I am the boss and you obey me or I will resign you," said Hill.

Washburn asked the queen to excuse him and left the box. Col. John H. Carroll, the "official" host to her majesty, rose and accompanied Washburn. Her majesty was reported greatly upset over the incident. Realization of the possible effect of the factional differences in the party on Bucharest has caused the entourage to publicly demonstrate a fraternal spirit today.

"We are all happy together," declared Sam Hill benignly. But shortly afterward he exclaimed:

"If I am aroused—I'll tear 'em to pieces."

"Hunde John"

Colonel Carroll, who is in charge of the train for the railroads, made it a point to ride in the same carriage with Hill. Hill called him "Hunde John" whenever newspaper correspondents were in hearing. Later, in the privacy of his stateroom, Colonel Carroll issued a statement in which he suggested that "perhaps the tribute paid to Hill at Marshall Museum—when her majesty called him a dreamer and a worker like herself—has turned his head."

"Major Washburn will remain on this train until the journey is finished," asserted Carroll. "Her majesty selected Washburn for her aide because she had found him a loyal friend and

record that no honest election was held, or, if an honest election was held, that the honest results have been withheld.

Senator Norris' statement was seized upon by opponents of Vare to answer the claim of the Pennsylvania state friends that he is entitled to his seat because he was elected after the people had been fully informed of the now famous $3,000,000 primary of last spring.

The real enforcement behind Norris' move to challenge the legality of Vare's election, lies in the fact that only a majority vote is required to pass upon, and possibly oust, a senator where his right to take the oath is questioned. To expel a member after he has been seated and where there is no question of the legality of his election requires a two-thirds vote.

Expulsion Act

The constitution prescribes that a senator may be expelled from the senate for any cause whatsoever, if two-thirds of those sitten concur.

The senate is the sole judge of the qualifications of its members; it is a law unto itself, where its own membership is concerned.

By charging fraud at the polls, Norris brings Vare's case within the scope of the majority vote, rather than the two-thirds prescribed by the constitution where fraud is not alleged.

WOMAN'S MEET SCHEDULED TO CLOSE TONIGHT

Missionary Conference at Epworth Will End with Election of Officers

Election of officers will be completed at this afternoon's session of the fourteenth annual meeting of the West Ohio Conference of the Woman's Missionary Society of the Methodist Episcopal Church in session at Epworth M. E. Church. The meeting will close tonight with the awarding of honors and an address by Miss Margaret Palmer, national field secretary.

This morning's session was devoted to business and reports. A feature of this afternoon's session will be the pageant wherein the ministry woven in respects of the progress of the conference will be turned and a new one traced for the coming year. Mrs. W. M. Harbaugh, secretary of young people's work will be in charge of the banquet and program at 6 o'clock tonight when the presentation of "The Weavers Who Could Not Stand," will be given by the young people.

Go to Tomb

Members of the conference motored to the tomb of President and Mrs. Harding here yesterday afternoon where an impressive service was held. Mrs. Theodore S. Henderson and Miss Margaret Palmer sang a duet, "Nearer My God to Thee," and prayer was offered by Mrs. Hoyt from Mrs. W. H. [illegible] Goode, [illegible] secretary of [illegible] presided. Mrs. Bramwell Booth, wife of the commander of the Salvation Army, has been identified with the work of the organization for 45 years. As a school girl she attended a meeting and was so enthralled by the speaking of the first General Booth that she resolved to devote herself to the Army work. She became a friend of General Booth's daughter, and later met Mr. Bramwell Booth, whom she married at the age of 21.

ACIDS IN STOMACH CAUSE INDIGESTION

Create Gas, Sourness and Pain Tow To Treat.

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach and not as some believe to a lack of digestive juices. The delicate stomach lining is irritated, digestion is delayed and food sours, causing the disagreeable symptoms which every stomach sufferer knows so well.

Artificial digestents are not needed in such cases and may do real harm. Try lasing aside all digestive aids and instead get from any druggist a few ounces of Bisurated Magnesia and take a teaspoonful in a quarter glass of water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain. Bisurated Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and is the most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.—Adv.

Engineer Drives Wagon 65,000 Miles Marking Highways Across Continent

Charles Thatcher and the wagon in which he has traveled 65,000 miles.

PERHAPS you'll meet him on the road—Charles Thatcher in his old wagon, pulled by a 25-year-old burro, Ricardo, and a black Mexican mule.

Thatcher started out recently to mark a new southern division of the Washington Highway, which is to be another route from the National Capital to Los Angeles, cutting off 100 miles. Thatcher, in the past, marked the Yellowstone Trail, and the Jackson and Dixie Highways.

A West Virginian and formerly a civil engineer with the Santa Fe Railroad, Thatcher has worked for 25 years without pay as a professional highway marker. He has spent a private fortune at the work, he avers.

"I have traveled 65,000 miles in my wagon," Thatcher says. "I don't change auto tires, but wagon wheels. I've worn out eight complete set of wheels.

"I believe that routing and marking are the first step towards building great national highways; their marking creates interest in the proposed routes and gradually directs state and Federal appropriations for their upbuilding and upkeep."

What such a citizen will greatly feel take away, whether he be merely a commercial or the business man, is his partners. —Boise City News.

Daily Proverb—If Mars is what we have been told, people need never be driven to suicide by winters.

There's an exception to the fact that the young eastern bank cashier who stole almost half a million dollars has a shabby taking way.

Our understanding was that Mr. Sennett was a radio operator, but there's a growing suspicion that he's a literary character.

The doctors say that tobacco raises the blood pressure, but what we would like to know is what effect the ukase of today have upon it.

About the only consolation to be reached is that Indian summer aped royalty this year and traveled incognito.

It is plainly manifest that a Cincinnatian can not depend upon the support of his home city unless he is web-footed.

When the late Mr. Shakespeare penned that line about humanity's inclination to bear the ills we have rather than to fly to others that we know not of, he certainly couldn't have foreseen the fellow with the radio.

Then there is another phase of the thing which is a matter for congratulation; neither Mr. Pomerene nor Mr. Cooper is like a man who needed the money.

The state of his adoption may have gone back on Mr. Coolidge, but the state of his birth proved faithful. Still, Vermont hasn't any Senator Butler.

The trouble with the radio announcers is a twin brother to that of the fellow who introduces "the speaker of the evening" and takes up the big end of his time.

Of course, Queen Marie probably had to accept that headdress of eagle feathers, but had she realized the fearfully and wonderfully made eagle feathers we are liable to see upon the streets shortly, she would have gotten out of it somehow.

An Annie Oakley Story.

A story run in our issue of Thursday under a Greenville dateline and telling of the death at that place of Annie Oakley, the one-time, far-famed markswoman, surely proved of interest here as it must have proved over the greater part of the civilized world, for, in her day, she gave exhibitions of her marked skill with the rifle in many lands and maintained her reputation as champion woman rifle shot of the world. With one show or another, she traveled over North America and parts of Central and South America and she toured Europe and the Orient.

Here in Marion, where she performed a number of times, she had quite a number of acquaintances, and many of our citizens knew her in her girlhood days. Naturally they followed her career while she was on the road, and have heard from her from time to time since she retired.

But to the older members of the Star force, Annie Oakley long held a special interest.

One day an item came over the wires telling of the finding of a white woman whose name was Annie Oakley dying amid squalor in a shack in which she lived with a colored man in the slums of St. Louis. At least our recollection of the story is that St. Louis was the city named in the wire. So far the story was correct, for there was a white woman of that name who was found under the conditions stated. But the young reporter who wrote the story assumed that there was but one woman of that name, and he took it upon himself to identify the woman so found by referring to her as the famous rifle shot who had traveled in many lands with the Buffalo Bill show.

The story was printed in many papers, and naturally Annie Oakley, the famous rifle shot, at once proceeded to take steps to institute libel proceedings against all of them. The libel was so atrocious, it was such an utterly indefensible case, that all the papers—all of them—had previously made a common exhaustive explanation and abject apology—got together and proposed a settlement, practically putting it up to her to state the terms. She was very gracious in the matter, with the result that the papers paid in proportion to their ability, the average payment, as we recall it, being $2,500, or thereabouts.

Now here is where the name of Annie Oakley has so long been of special interest to the Star.

The Star, which took the service which carried the story, ran the explanation of how the story got into print, but it did not print any apology, nor did it pay any sum of money to Miss Oakley under the general agreement, for the very simple reason that it did not print the libel. The Star was the one paper supplied by the service to "kill" the story without hesitation, realizing that it was impossible that the Annie Oakley of the story and Annie Oakley, the celebrated rifle shot, could be one and the same. As a matter of fact, there was not the slightest connection between the two women, not the most remote relationship. There was utterly no possible excuse for in any way connecting the St. Louis unfortunate and the fine woman who passed away at Greenville, Wednesday night.

Another Industry for Marion.

[illegible]

That the work [illegible] Marion.

That the work [illegible] factory company was [illegible] for their returning [illegible] of town, is not [illegible] the fact that [illegible] by a welcome [illegible] and we [illegible] right to number [illegible] financial [illegible] of those who [illegible] to [illegible] put as industries of [illegible]. And [illegible] reason we were [illegible] to know that the [illegible] her plant had become [illegible] property of the Gardner company [illegible] purchase and had passed into the ownership of the Cleveland company which is to move its plant here within sixty days, was due to promised speedy occupancy of an idle factory building. To our way of thinking, an idle factory would [illegible] standing reproach to a city. [illegible] an idle occupied factory building [illegible] would constitute as an indication that our city is the city to which it is [illegible] are not as they should be. The people of the city in which such a factory stands idle may know the circumstances which explain its [illegible] unoccupied. The explanation may be a good and reasonable one, but the facts are not known to visitors within the city or those who happen to be passing through and they are liable to judge by the tangible and gain an impression which will not prove a good advertisement for any community.

It was but very recently that the Fairbanks plant, which had been idle for some time, was reoccupied and became the home of two promising enterprises. With the closing of the negotiations resulting in the sale of the rubber plant, the last factory building in the city to give the outside world a false impression of industrial conditions here is soon to become the scene of manufacturing activities, and this is as we would have the local situation—none of our factories idle—all going concerns.

Marion, we have long felt, is especially well adapted to manufacturing. We have railroad facilities far beyond the ordinary. In fact, they are exceptionally good. We have a splendid electric plant to supply light and power. Our water supply is abundant. In time of drought it has never failed, not even been menaced. The tax rate is reasonable as tax rates go in this day and age, our churches are many, our schools good and our citizenship is high-class.

We believe the Gardner people will soon appreciate the fact, if they do not already, that their decision to move from Cleveland to Marion was one of wisdom.

In this day and age, the surprising phase of the theft of a four-ton bell from the belfry of a Massachusetts village church is how the thieves happened to leave the church.

Well, we see they are married, and so here's our hope that Astrid will find getting up early in the morning to turn on the draft and prepare the buckwheat cakes and little-pig sausages for Leopold to be an everlasting joy.

The return of Smith Wildman Brookhart to the United States senate may be heralded as a Republican victory out in Iowa, but for some reason it recalls to us that old one about some Victories being more costly than defeats.

But when all is said, the most trying characteristic of the self-constituted reformer is his inclination to make the rest of the world a replica of himself.

Our one fear in connection with the publication of the big incomes of rich is that soliciting committees may get the idea that we're the guilty man who pays on over $2,000,000, and suffer disappointment.

During the recent campaign here in Ohio, somebody circulated the story that the Republican candidate for governor was wet, but this vote he rooted down in Cincinnati must be accepted as an absolute refutation of the charge.

There's a slight strain of self-abuse in all of us, and in this connection we admit that we have often wondered if the time will ever come when consideration will be given the desirability of a five-day week for hard working spreaders of joy and sunshine in paragraph.

If Mr. Butler is anything in the way of a philosopher, he should get a high degree of satisfaction out of the knowledge that while many achieved scholastic honors in the campaign of 1926, he alone received a presidential nudge.

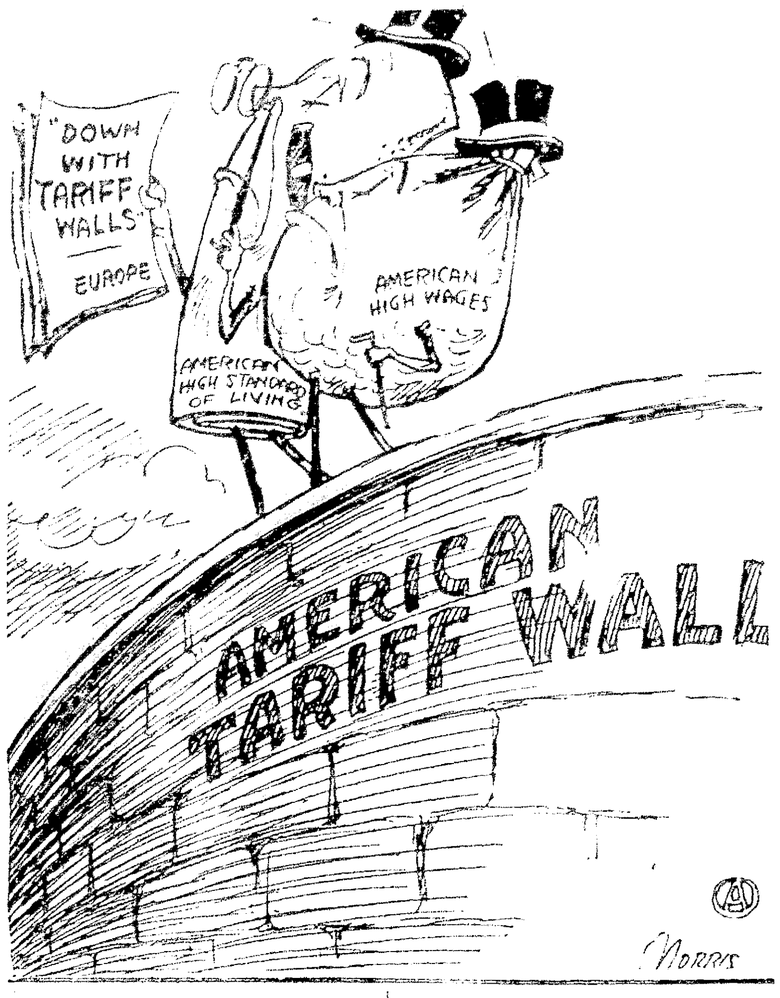
Still, let's be fair. We owe Shylock the bankers for waiting the war debts cancellation and our turn will come. Then we have some nickels big boys on the line and it's human nature to be a bit selfish.

"With the practically unlimited opportunities for observation which the present-day scene affords," observes the restless philosopher at the breakfast table, "I can not recall having seen a pair of tight shoes since Marguerite Clark appeared in Wildwood."

We never fully appreciate the magnitude of the job of prohibition enforcement until the department has to put itself on record in the Detroit Free Press that there's no truth in the rumor.

"I read in the papers," remarked the fellow who lives next door on the way it was in the morning, "that boxer in my line received from the new method of scoring the fights. The referee is provided with a [illegible] and during the fight he [illegible] enough for me."

"THIS EUROPEAN BOLSHEVISM WOULD LIKE TO GET OUR GOAT."



Tight Collars Make Brain Dull.

BY ROYAL S. COPELAND, M. D.
United States Senator from New York. Former Commissioner of Health, New York City.

Not long ago I read about another society. One is organized every day, but this is an unusual association. It is a league against the stiff collar and other nuisances.

This is called "L'Association League d'Hygiene, d'Economie et de Beaute." A very formidable name, isn't it?

The association "declares that stiff collars are not only unhealthful and uncomfortable, but they cause many diseases." The opinions of many doctors have been collected to prove the case.

There is some foundation for the complaints of this group. Unquestionably collars are responsible for a lot of trouble. But it isn't the stiffness of the collars, as I see it. It is the tightness of the collar.

Tight collars and tight shirt-bands constrict the neck. They cut off the flow of red blood through the arteries of the brain. They interfere with the return of the venous blood from the brain.

This means dullness of intellect, because there is not enough red blood to cleanse and purify the brain cells. It means sluggishness of thought, because the brain is flooded with venous blood, full of impurities.

Personally I wear soft collars most of the time. Modern collar-makers are turning out good looking, comfortable soft collars which keep their shape, but do not cut into the tissues of the neck.

But these collars, soft as they are to handle of the neck, are capable of doing almost or quite as much harm as stiff collars if they are too small and too tight.

American wear tighter collars than Englishmen. One of the things an American traveler notices when he goes abroad is the fullness of the foreign collar.

A friend of mine, a New York girl, married an Englishman. "The first thing I'm going to do," he confided to me, "is to make Charles wear a decent collar." Sure enough, Charles appeared very soon with a snug fitting collar, much to his disgust and discomfort.

It is bad for the brain, for the eyes, for the ears, for the health, to wear tight collars. In this matter of dress, women have an advantage over men. The freedom of the neck is most desirable.

No garment should be over-tight. Too much snugness in the gloves and shoes makes the hands and feet cold. Tight lacing is bad for the internal organs. Tight garters cause varicose veins, and so it goes. It isn't well for health and comfort to cut off the circulation.

A tight hat will cause the hair to die and a tight collar will lessen the flow of ideas. You must give thought to your welfare, and attention to all right garments should be one of your first thoughts.

When you get most crabby and get back in the taxi every time you try to button your collar, you may know you are starting to a "style" sure to do you harm.

ANSWERS TO HEALTH QUERIES

P. I. Q. I have heard that it is possible to reduce fat by taking a tablespoonful of vinegar at each meal. Is this true?

The Shade

The shade is what is known as a Glace's shade. It is entirely hand decorated and painted on linen and treated chemically to render it waterproof and washable. The treated surface is covered with fine imported beads.

This shade is so made that all the beautiful colorings are transparent when the lamp is lighted and the colors blend beautifully with all surroundings. The style of the shade is a fancy scalloped design, trimmed with gold gallon trimming, both at top and bottom. The size is sixteen by fifteen inches.

The Lamp

The base is a wrought iron construction with an entirely new design, finished in antique gold coloring. It is so colored that it will harmonize with the surroundings in every room. It has a fancy filigree arm at the top together with a fancy carved bottom as well as beautiful turnings on each side and fancy carved center pieces. This beautiful lamp comes equipped with pull chain socket, seven foot cord and a two-piece plug, which are used in higher priced lamps.

No Red Tape

Don't forget this lamp, complete, ready to attach, costs you only $7.95 and is given you when you pay 50c down, balance in easy weekly payments. No strings tied to this offer. Absolutely no red tape. No delay.

Later, on the same day, Mrs. Smith's housekeeper had arrived, an oddly Scotch woman, who said she had worked in Mr. Smith's family for thirty years. An old Scotch woman—who had worked for the family for thirty years! Braemose did some intensive thinking.

After a hasty dinner he drove to Brooklyn, ostensibly to inquire as to old at long intervals, into the welfare of his old servant, who was not at home. Her sister said that Janet had departed suddenly, with a portmanteau, on Tuesday week, in response to a telegram received late Monday night. She had refused to tell where she was going, or from whom the telegram had come, and nothing had been heard from her since.

Melvin had seen the Boy sending a telegram from Hartford Monday night—with a widow waiting outside in a familiar car.

Wherefore, while Roberta smiled on her pillow, whispering: "Percival Galahad! Oh, la, la!" and Nixon tossed on his, as he sought a solution of his many troubles, Grover Braemose, who was a man of action, con-ulted railway schedules. He alone of the three, occupying an upper berth on the midnight train to Boston, did not sleep at all that night.

And the next morning was the time chosen by Roberta—or, if you like, by Fate—for the explosion of her little private bomb.

Piggy, returning to the house with a brow slightly furrowed, found Nixon downstairs and alone, and to her re-lated his conversation with Nixon and the detective. She took it amazing, but for the first time he showed no curiosity.

"I don't much like it," he confessed. "I thought they'd let us alone now. But it must follow Nixon . . . "

"I told you Clit was persistent," she mentioned, with an impish gleam, when he did not finish his sentence. "But he's a selfish worthless, seeking his own, and you can feel him again. He hasn't your pure purpose—Galahad."

He looked at her, flushing darkly, and she added, "Well, Percival Galahad, if you prefer it to tall."

Piggy rose into immensity, his ever-wide volcanic color fading to an ivory pallor. In the brief moment of silence his opinion of girls, recently unedified, fell with a thud which, if not loud, was superlatively sickening.

"Who told you that?" he demanded chiefly. "Was it Janet?"

His expression boded ill for it to be Janet, and Roberta, never suspecting, in spite of what Janet had told her, that she turned the knife in an old and festering wound compelled this to be a situation before carried on with a light hand. Therefore she answered her manner the more airy because she was a little frightened and trying to hide it:

"Don't be silly, Piggy. Nobody told me anything. I just guessed. Because it's so ... I mean, when Peter ... Peter ... was acting as he did ... Peter ... was acting as he did ... Peter ... was acting as he did

SCHOOL DISPUTE RULING AGAINST GIRL'S PARENTS

Claridon Twp Child Must Attend School, Is Decree; Appeal Planned

Refusal of Mr. and Mrs. Guy Parr of Claridon Township to send their seven-year-old daughter to school in accordance with orders from County School Superintendent Ray S. H. Rayburn resulted in the case being tried before Mayor R. E. Bonnell last night. Thursday, Mr. and Mrs. Parr found guilty of violating the school laws of the state, were fined $10 and a bond of $100 to guarantee the child's attendance at school. Upon their filing an appeal to the Court of Common Pleas, it was announced today.

As far as is known, this is the first case of its kind on record in Marion County. The basis of Mr. and Mrs. Parr's stand in the controversy is the claim that their daughter's health is such that she is not strong enough to attend school. According to testimony in the trial Thursday, they applied to four physicians who refused to sign certificates supporting the parents' claim but that finally a certificate was obtained from a fifth physician.

Rayburn's Decision

County Superintendent Rayburn, regarded evidence of the child's poor health as insufficient and refused to issue an order granting the girl exemption from school attendance.

The trial lasted from 10:30 Thursday morning until 1 o'clock in the afternoon and was attended by a large crowd of Claridon township residents. Prosecuting Attorney Hector S. Young served as counsel for the county schools and James H. Eymon was attorney for Mr. and Mrs. Parr.

The Parr home is a short distance south of Claridon. Mr. Parr is employed at a S. Main-st restaurant in this city.

Mrs. Mabel Burns, of Joplin, Mo., has evolved a successful system for making both gowns and coats and finishing the entire work without a pattern or chart of any kind. She does this in a simple and practical manner and is able to impart this ability to others.

Vassar was the first women's college to have a separate building designed for laboratory use.

COUNTESS SCORES VICTORY IN COURT FIGHT OVER ESTATE

Countess of Suffolk and Berko

The Illinois supreme court turned in a victory for the Countess of Suffolk and Berko in her suit against her brother, Joe Leiter, and her sister, Mrs. Nancy Campbell, when it ruled that "that extra million" in the estate of Levi Z. Leiter should be classed as part of the estate and not as interest. Now, this million cannot be distributed until the present heirs are all dead, when it will go to the children of the late Lord Curzon and Lady Suffolk.

WILLIAM R. BOGER, 56, DIES OF HEART DISEASE

Illness of One Week Proves Fatal to Cherry-St Resident

William R. Boger, 56, died at 2:50 a. m. today at his home, 563 Cherry-st, following a one week illness of heart trouble.

He was born Dec. 26, 1869 in Richland Township, Marion County, the son of Mary Strine and Peter Boger, both of whom were originally of Waldo Township, Marion County. Mr. Boger was united in marriage to Margaret Stiffler in Prospect, O., June 10, 1900. He was a member of the Emanuel Lutheran Church and had been employed as a brickmason. His parents preceded him in death.

He is survived by his widow, Mrs. Margaret Boger, and two daughters, Marguerite and Ruth, at home. Three sisters, Mrs. Martha Cornell, Oak st, Mrs. A. J. Shoemaker of Bucyrus, O., and Mrs. Emma Weibel, Delhi st, and two brothers, James Boger, Oak st, and Otis L. Boger of Tampa, Fla., also survive.

Rev. J. W. Schollinger, pastor of Emanuel Lutheran Church will be in charge of funeral services, arrangements for which are not completed.

BARKLEY'S LEAD BEING RAPIDLY CUT DOWN

Kentucky Republicans Forecasting Victory for Ernst, Senatorial Candidate

Lexington, Ky., Nov. 5 Senator Ernst, republican, was rapidly cutting down the lead piled up by Alben W. Barkley, democrat, in the senatorial race as incomplete returns from scores of 120 counties were tabulated [illegible].

Barkley led by 1,200 votes, but [illegible] managers, refusing to concede defeat, claimed when all returns were in Ernst would have a majority of [illegible] 2,500 to 3,000.

Mountain counties not unusually [illegible] are regarded as heavily republican.

Incomplete returns indicated the [illegible] den of Mrs. John W. Langley, [illegible] republican opponent "Doug" Hord, [illegible] approximately 1,500. Her victory regarded as a vindication of her husband, John W. Langley, now serving a two-year sentence at Atlanta penitentiary for conspiracy to violate prohibition laws.

Curtain hooks which stay fastened a rubber ring for fixing on pole to make them less noisy, and a safety roundabout for children were among the exhibits at the recent Inventors' and Exhibition of Inventions in London. All these novelties were designed and patented by women.

Mrs. Jane Jones, who died recently at a village in Wales, had what was a distinctive name for she had a distinctive dwelling, said to be the smallest residence in Great Britain. The house has a frontage of 6 feet, a depth of 10 feet, and from base to chimney measures 8 feet 4 inches.

Hundreds of Marion Homes Are Happier

More Pleasant to Live In—More Convenient—Better to Look at Because of Their Kroehler.

BEST

That's What Millions of Women Say About Kroehler

And it's so, too. We've never sold a Kroehler suite that didn't make the buyer happy. Never saw a worn out Kroehler.

BEST FRAMES Kroehler frames are all hard-wood — New lumber - No scraps or crating lumber. They're dowelled and screwed and glued. They'll never break and they can't come loose.

BEST SPRINGS Never mind about the kiddies jumping on your Kroehler, that suite is filled with Kroehler patent spring work. Why even old dad can't break it down.

BEST COVERS Velours, Jacquards, Mohairs, Friese—Anything you want in Kroehlers—and when you find Kroehler's name on the back of each piece then you are sure of long, long year- wear

BEST CONSTRUCTION! That's important! But you can't see the inside! You've got to take somebody's word for it. Take Kroehler's word—He's the biggest upholsterer in the world—you can afford to take his word—or else come in and we'll tear a suite open and show you the sewed on backs—the good clean felt filling—No excelsior—Not in a Kroehler. Not on your life!

BEST GUARANTEE If a Kroehler frame break, or a spring—if a Kroehler cushion packs down—we won't repair it—Never—WE WILL GIVE YOU A NEW KROEHLER. Where else can you get it a guarantee?

Terms So Easy

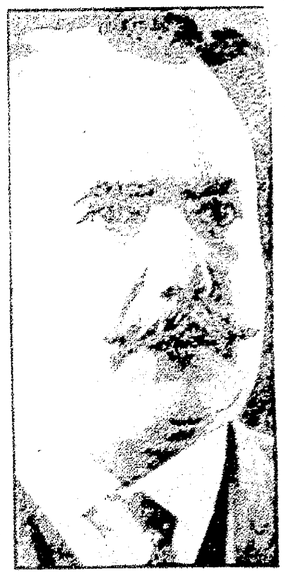
OBREGON EXPECTED TO BE PRESIDENT OF MEXICO AGAIN



ALVARO OBREGON

Mexico City, Nov. 5—Alvaro Obregon, former president of Mexico, one-armed general whom assassins' bullets seem to miss, is being swept toward the presidency again. Hailed as the "only Mexican strong enough to prevent revolutions," Obregon is riding on the top of a tidal wave of enthusiasm. A constitutional amendment barring former presidents from running again is being put aside by the federal senate and the various states, through ratification of an amendment.

It is true a part of the Labor group is supporting Luis G. Morones, minister of industry, commerce and labor, but it is believed that Obregon's followers will be able to render this opposition ineffectual.

Obregon himself has not said he would make the race. But his entry into Mexico City recently was in the nature of a triumph. He is staying with President Calles at Chapultepec Castle, the White House of Mexico.

IOWA TO PROBE WHIPPING GIRLS IN INSTITUTION

of State School Charges That Rubber Hose Was Used as Lash

... Nov. 9.—The board ... State of Iowa is going ... charges brought ... inmates of officials ... state training school at ... girls whipped with rubber ... girls at a time in pitch ... punishment, put on a diet ... and forced to wear ... tape on their lips ... for violation of ...

... brought to the attention ... Hamrick and the board ... three girls from the ... story to Homer A. ... Robert J. Shaw, sheriff and ... county of Keokuk County ... girls were apprehended. ... Hubby brought the girls ... the charges were reported.

Says Board Knew

... Rae Hanchett, superintendent ... school was asked about ... she readily admitted them ... and declared the state board knew the girls were whipped at the school.

The three girls, Marion Jepsaid, 19, of Sioux City, Alma Kysi, 17, of Des Moines, and Laurena Osborne, 17, of Delta were returned to school, where Miss Hanchett placed them in the "punishment room" as a disciplinary measure because they ran away.

"It is true that girls are whipped with a rubber hose," Miss Hanchett said. "But such punishment is necessary. We don't like to whip girls but we must maintain discipline and whipping seems to be the only successful method of getting it. A girl is never struck more than eight times with the hose, although in institutions in other states of which I have knowledge, a girl is often whipped much harder. In Texas institutions a girl is sometimes given thirty-six hits with the whip."

Miss Hanchett said when she took charge of the training school three years ago she hoped to conduct it more as a boarding school than a house of correction.

"I told the girls I wished to put them on an honor system in which me and my assistants would be teachers and not jailers or police-women," Miss Hanchett said. "But it was no use. It simply meant a wholesale violation of rules and regulations."

Bangs Prohibited

Adhesive tape, the superintendent said, was applied to the foreheads of girls who cut their hair in such a way as to make bangs of it. The girls may wear their hair bobbed, she said, but bangs are prohibited.

The "punishment rooms" were declared by Miss Hanchett to be well ventilated.

"They are dark, of course, and have no windows of any kind. The openings that permit the air to circulate freely are at the tops of the rooms, so arranged that no light comes through them. Girls placed in these rooms are also placed on a restricted diet."

Girls in these rooms also are kept in solitary confinement.

Miss Hanchett says the girls of today are harder to handle than those of former years.

"I guess it is the new mode of living," she said, "but whatever the cause, girls of today are not as amenable to discipline as in former years. They have no respect for authority and restraint of any kind irks them.

SALVATION ARMY MAJOR ADDRESSES KIWANIANS

Speaks on Service Given by Organization During World War

A talk by major John J. Allen of Columbus, an officer in the Salvation Army Corps at Columbus, featured the program at the weekly luncheon meeting of the Kiwanis Club at Hotel Harding today noon. Major Allen discussed the work of the Army here and elsewhere and also spoke at length regarding the services of the organization in the World War. His remarks on the subject were especially interesting because of the fact that he served overseas during the war.

The great work done by the hundreds of ministers who served as chaplains during the war was praised by the speaker, who said that not enough mention is made of the mission performed by these religious leaders at the scene of conflict.

The local Salvation Army corps is conducting a campaign to raise $5,000 to finance its work here next year and this subject was included in Major Allen's talk.

Marion Hocking Valley Rail Workmen to Attend First Annual Veterans' Reunion

Event Will Be Held Saturday in Neil House, Columbus; All Who Attend Initial Meeting Will Become Charter Members

A number of local Hocking Valley veterans with 25 years or more of service will attend the first annual Hocking Valley Veteran Employes' reunion to be held Saturday in the Neil House, Columbus.

The veterans' association is being organized for the first time by the Hocking Valley Railroad and all in attendance at the meeting will be considered charter members. Officers will be elected at that time.

12 Men Here

At present there are 12 men at work in the Marion offices and yards of the Hocking Valley who have been in the employ of the company for 25 years or more. The list of veterans includes:

H. B. Sines, local train dispatcher; operator of the south yards; W. J. Finley, second trick telegraph operator of the north yards; R. A. Wilder, telegraph operator in the south yards; Bert Brashares, cashier of the Marion Hocking Valley freight house; Earl Sargent, chief clerk in the freight house; H. C. Paddock, demurrage clerk; C. E. Sargent, freight agent; L. E. Nehergall, ticket agent at the Union Station; M. Morris, yard foreman; [illegible]

Special Train

Special trains will be operated to accommodate the guests on their trip to Columbus, Saturday. It is planned to operate a special from the Outer Drive and Toledo Division veterans to the Hocking Division, which will use Train 41 at 9:00 a. m. to Columbus.

A hot breakfast will be served aboard the special running through Marion at Upper Sandusky for the veterans and make the trip from Toledo and other points north of Upper Sandusky. A hot supper will be served aboard the train on the homeward journey.

The specials will be met at the Union Station, Columbus, by autos which will carry the veterans to the scene of the reunion.

The reunion will begin early Saturday and continue until late afternoon.

Special Disbands Here

The Better Roll Special of the Erie was in Marion today after its 30-day journey through cities and villages along the Erie in Western Ohio.

The specials last showing was made in Dayton yesterday where a huge crowd viewed the final display of registered bulls. Immediately after the close of the show last night, the train made its way here.

The train was broken up here with the bulls which were sold on the way going back to the original owners.

Get Orders Here

Orders have been received by the Erie Kent Division, left yesterday on a trip to Dayton, Cincinnati and Indianapolis. He will return Saturday.

G. T. Depew, mechanical engineer, was a visitor in the local Erie offices yesterday.

OBREGON EXPECTED TO BE PRESIDENT OF MEXICO AGAIN

ALVARO OBREGON

Mexico City, Nov. 5—Alvaro Obregon, former president of Mexico, one-armed general whom assassins' bullets seem to miss, is being swept toward the presidency again. Hailed as the "only Mexican strong enough to prevent revolutions," Obregon is riding on the top of a tidal wave of enthusiasm. A constitutional amendment barring former presidents from running again is being put aside by the federal senate and the various states, through ratification of an amendment.

It is true a part of the Labor group is supporting Luis G. Morones, minister of industry, commerce and labor, but it is believed that Obregon's followers will be able to render this opposition ineffectual.

Obregon himself has not said he would make the race. But his entry into Mexico City recently was in the nature of a triumph. He is staying with President Calles at Chapultepec Castle, the White House of Mexico.

MRS. MADGE CONVERSE TUBERCULOSIS VICTIM

Succumbs at Home of Brother, Robert E. Williamson; Ill Two Years

Mrs. Madge Converse, 33, died at 8 o'clock last night at the home of her brother, Robert E. Williamson, 774 Cheney-ave. Her death followed a two-year illness of tuberculosis. She was born in Delaware County, Jan. 20, 1893, the daughter of Alice Chamberlain of Delaware County and James K. Williamson, formerly of Licking County. She was married to Osa Baker, who preceded her in death in 1918, and also on Jan. 20, 1922, in this city, to Clyde Converse, from whom she was later divorced. Mr. Converse is now living in Columbus. She had made her home with her brother for one year, moving here from Columbus.

She is survived by her father, two daughters, Misses Mary and June Baker and two sons, Clarence and Herman Baker, all by the former marriage. She is also survived by one sister, Mrs. Charles Sedders of Etawah, Tenn., and four brothers, Philip O. Williamson of Morral; Harold E. and Lester P. Williamson, 241 Owens-st, and Robert E. Williamson, 774 Cheney-ave. Her mother, Mrs. Alice Williamson preceded her in death last Saturday at her home, 241 Owens-st.

IOWA TO PROBE WHIPPING GIRLS IN INSTITUTION

...of State School ... That Rubber Hose Was Used as Lash

...N, Nov. 9.—The board ... of Iowa is ... the charges brought ... a hearing ... school at ... which ... with rubber ... at a time in the ... ", put on a ... and forced to wear ... on their ... for violation of ...

... brought to the atten... Hamill and the board ... three girls from the ... store to Hoover A. ... Scott J. Shaw, sheriff and ... of Keokuk County ... girls were apprehended ... Hanley brought the girl ... charges were repeated.

Says Board Knew

... Rae Hanchett, superin... school was asked about ... readily admitted them ... and declared the state board knew the girls were whipped at the school.

The three girls, Marion Jerauld, 19, of Sioux City, Alma Kyd, 17, of Des Moines, and Lurecia Osborne, 17, of Delphi were returned to school, where Miss Hanchett placed them in the "punishment room" as a disciplinary measure because they ran away.

"It is true that girls are whipped with a rubber hose," Miss Hanchett said. "But such punishment is necessary. We don't like to whip girls but we must maintain discipline and whipping seems to be the only successful method of getting it. A girl is never struck more than eight times with the hose, although in institutions in other states of which I have knowledge, a girl is often whipped much harder. In Texas institutions a girl is sometimes given thirty-six hits with the whip."

Miss Hanchett said when she took charge of the training school three years ago she hoped to conduct it more as a boarding school than a house of correction.

"I told the girls I wished to put them on an honor system in which me and my assistants would be teachers and not jailers or police women," Miss Hanchett said. "But it was no use. It simply meant a wholesale violation of rules and regulations."

Bangs Prohibited

Adhesive tape, the superintendent said, was applied to the foreheads of girls who cut their hair in such a way as to make bangs of it. The girls may wear their hair bobbed, she said, but bangs are prohibited.

The "punishment rooms" were declared by Miss Hanchett to be well ventilated.

"They are dark, of course, and have no windows of any kind. The openings that permit the air to circulate freely are at the tops of the rooms, so arranged that no light comes through them. Girls placed in these rooms are also placed on a restricted diet."

Girls in these rooms also are kept in solitary confinement.

Miss Hanchett says the girls of today are harder to handle than those of former years.

"I guess it is the new mode of living," she said, "but whatever the cause, girls of today are not as amenable to discipline as in former years. They have no respect for authority and restraint of any kind irks them.

Marysville High Wins Game from London Gridders for First Time in Six Years

Final Score Is 19-0; "Barrel" Galloway, Captain and Star Guard, Puffs Through 40-Yard Run for Touchdown on Kick-Off

Marysville, Nov. 5—For the [illegible] in six years, the fighting Red and [illegible] moleskin warriors of Marysville H[illegible] yesterday afternoon beat a London High grid team. The score was 19-0.

Marysville scored a touchdown in the first few minutes of play when they received the ball on their own 20-yard line on the kick-off and started a parade down the white chalked field for six points. The London defense was not even evident before the determined march of the local gridders. Lantz scored the touchdown and booted the ball over the bar for the extra point.

The second score of the game came [illegible]

Marysville, Nov. 5—Mt. Gilead High school, headed by the High school band, under the direction of Prof. E. J. Fitchhorn, paraded through the business section of the town last evening after school, for the purpose of stimulating enthusiasm in the High School Alumni football game this afternoon.

The entire school was in the line of march, which extended from the school building down Main street to Marion and back to the monument, around which the pupils gathered for a pep rally.

Cheers and songs were led by Mary Louise Wiehnd, High school cheer leader. Several numbers were played by the band.

Following the rally, pupils scattered to sell tickets for the game. Response to the appeals has been very good. The town was canvassed and a large number of tickets sold. The Kiwanis club at its meeting Thursday, gave the affair considerable impetus, when every member at the meeting bought a ticket at a handsome figure.

The game is a benefit game for Jack Makeever, who was injured in the Dayville game a month ago.

GALION ART AND CRAFTS CLUB HOLDS MEETING

Several of Country's Famous Museums Are Interestingly Described

Galion, Nov. 5—"Art Museums" was the subject for discussion at the regular meeting of the Art and Crafts club which met Wednesday afternoon with Miss Lydia Marcus at her home on S. Union st. Mrs. T. E. Harrington had charge of the topic discussion and described several of the country's famous museums in a very interesting manner. Mrs. R. C. Bratten spoke briefly of the exhibits in the Toledo Art Gallery and a round table session was enjoyed, each member responding with some news of interest pertaining to Current Art.

The next meeting will be held at the home of Mrs. M. A. Curtiss and is scheduled for December 1st. At this meeting the topic will be "Figure and Portrait Painters."

The work of the club has proved most beneficial and the number of members present at each meeting is certainly gratifying. Although the youngest club in the city federation the Arts and Crafts stands well toward the top of the list in the worth of things accomplished.

WATER FIGHT AT MARYSVILLE SEEMS AT END

New Rate Schedule To Be Filed with Utilities Commission

Marysville, Nov. 5—Unless further developments make their appearance the fight between the city and the Marysville Water Co. regarding the increase in schedule of water rates filed with the State Utilities Commission two years ago, is at an end. The new schedule is to read, will be filed with the Utilities Commission by the water company within a few days.

Although citizens were urged to attend a mass meeting held last night in the Union County Common Pleas Court, very few were present and little interest was taken in the discussion. Several of the citizens' committee and Mayor A. F. Robinson, who presided over the meeting, were present and gave their reasons why further action would be undesirable.

The new rate which is 11 per cent below the proposed rate, was reached at a conference between the citizens committee and representatives of the company Monday evening. Mayor Robinson as spokesman for the committee, stated that it would be advisable to accept the rate as further action might bring a settlement from the Utilities Commission, and the result in a rate higher than the one proposed.

Based on the new rate the company will receive a return of five per cent on a valuation of $165,000, placed on holdings of the company. This would amount to a return of eight per cent on $100,000 valuation on the same holdings. The latter figure is considered by local citizens to be a more correct estimate of the company's holdings. It is stated that the company could get an eight per cent return on the $165,000 if the case comes before the commission. For this reason it was deemed best to accept the revised proposed rate.

Much time was taken up in the discussion by several citizens on the matter of sinking private wells which would supply from six to a dozen families. Quite a number of citizens gave this matter considerable thought and it is thought that the proposition would pay for itself in a few years.

FEAR SPREAD OF SCARLET FEVER

Marysville, Nov. 4—The local health department is somewhat concerned over a number of cases of scarlet fever which appeared this week in Union township, near Irwin. A family residing from a mile of Raymond is also under some concern to County Health Commissioner H. G. Stallard. In company with Miss Elizabeth Schlegel, County Health Nurse, all the children in the Byhalia school were examined to prevent a further spread of the disease.

LA RUE HI VICTORIOUS OVER FOREST TEAM, 9-0

Triumph Is Second in Five Years for Marion County Boys

LaRue, Nov. 5—The LaRue High School Football team swept through the Forest High School aggregation yesterday afternoon 9-0, being the fourth straight victory for the local lads. And the second time in five years that the local team has been able to defeat the Forest boys.

LaRue was with out the services of their giant center, Wilcox throughout most of the game but M. Allen playing his first game at center covered himself with glory, breaking through time after time and smearing Forest plays.

LaRue's touchdown came as a result of a forward pass and 50 yd. run by Couch, Greenwood failed at kicking goal.

A little later by a series of line smashes and end runs the ball was placed on Forest's 15-yard line where Greenwood kicked a beautiful field goal for the last three points of the game.

Forest threatened LaRue's goal twice when they where on the latter's 15-yard line, but each time LaRue held like a stone wall and Greenwood's trusty toe kicked the ball out of danger.

Lineup and summary:

LaRue: Trumbo, l.e.; Noggle, l.t.; Price, l.g.; Wilcox, c.; Born, r.g.; Carter, r.t.; Couch, r.e.; Carr, l.h.; Burdge r.h.; Greenwood, f.b.; Whitman, q.b.

Substitutions: M. Allen for Wilcox; R. Allen for Whitman; Whitman for R. Allen; Holden for Noggle; Longfellow for Price.

Touchwon—Couch; field goal, Greenwood.

Forest: Rudolph, r.e.; Parsel, r.t.; Obrien, r.g.; Switzer, c.; Knapp, l.g.; Kurch, l.t.; Paus, l.e.; Karper, q.b.; Baker, f.b.; Lockard, r.h.; Wright, l.h.

25 YEARS OF SERVICE TO END ON SATURDAY

James Ewing, Veteran Kenton Mail Carrier, Decides To Retire

Kenton, Nov. 5—After more than a quarter of a century of service as rural mail carrier out of the city of Kenton, James Ewing, veteran federal employe will retire Saturday.

A successor has not as yet been named, Henry Harvey, postmaster stated today.

Advanced age forced Mr. Ewing to relinquish the position he has held for so many years. During his long term of service he has witnessed the passing of the old familiar horse-drawn mail wagons with their "dinky" stoves and protruding stove pipes, and has seen the almost impassable mud roads converted into paved highways and improved pikes.

The weather was never too bad to prevent Mr. Ewing, dean of the postal workers here, from covering his route, extending westward out of the city, and often when country roads were snowbound, he walked miles that his patrons might get their mail.

No Championships Will be Decided Saturday When Gridiron Rivals Meet

BY DAVIS J. WALSH

NEW YORK, Nov. 5—Traditional, rather than competitive significance, will be served Saturday in the meeting of gridiron arch-rivas who once were great.

Princeton and Harvard, California and Washington, Chicago and Illinois, Georgia Tech and Vanderbilt, Pitt and West Virginia, Pennsylvania and Penn State—these were games that filled the eye and gladdened the heart when viewed from the kindly distance of September.

But November, austere as a second lieutenant, is the month when

[illegible]

Vanderbilt-Georgia Tech game. Northwestern against Purdue and Michigan for a return to [illegible] against Wisconsin, though these games are far from "breathers" in any sense. Neither is the annual meeting between Kansas and Nebraska, nor are those southern games involving Baylor and Texas, Tulane and Mississippi Aggies, Georgia and Alabama Poly, that, p.s. on its form of the [illegible] game, should win.

There is nothing soft, either, for Syracuse in the Georgetown game and Idaho, having defeated Oregon Aggies, may live to regret Washington State. But that is not likely.

N.C.O. League Interest to Center in Mansfield Saturday

Loss of Perkins Will Not Constitute Real Handicap to Red and White, Claim

Opinions Differ as to Effect Dropping of Backfield Star Will Have on Outcome of Clash with Harding Gridders in Locals' Fourth Loop Battle

BY EDWIN SCHOENLEB

WHITE-RULED field in Richland County's seat will center the interests of thousands of North Central Ohio League followers Saturday when Harding's moleskin warriors advance into enemy territory for their fourth loop battle and consequently a contest on which virtually hinges the title to this scholastic affair.

While Coach Sprout claims that Mansfield's loss of Perkins, perfect punter and open-field runner of sorts, constitutes no handicap to Coach Murphy's aggregation, still others, who consider themselves versed in things football, say that Harding gained a point when the star back was declared ineligible Wednesday.

In support of his contentions, Coach Sprout points a convincing finger at Haltmen and Martin, who in the eyes of many trained observers, are equally as good as Perkins.

It will also be remembered that Mansfield fully expected to use its second team against Harding in the major portion of the contest, so the Richland County outfit should not necessarily become alarmed with the loss of a first stringer.

Trouble, "Put On"

All undue excitement over the ineligibility of Perkins when there are at least two good men to fill his position and when he was not expected to be needed anyway, seems out of place in the program of the confident Mansfield eleven and its followers. In fact, we would say that, if they are as sure of winning the game as all reports claim, the troubled air is "put on" for the benefit of Harding.

A football team carrying the record of Mansfield cannot be disrupted by the mere dropping out of a man who has not interest enough in the game to keep up his studies in order that he may help fight the battles of his school, Harding followers point out. Without a doubt, Mansfield will strut out on the field Saturday with the same old cocky and assured manner and will enter the crucial contest with probably as good a man as Perkins at the half position.

Last "At Home" Tilt

The Mansfield-Harding grid tilt Saturday will be the homecoming game of Mansfield High School. It will also be the last "at-home" battle for the leaders of the N. C. O. league. This fact, added to all others, will bring to the new athletic stadium of that city the largest crowd since the dedication of the new gridiron.

It is not yet known who will start the game on the Mansfield side, but McMullen, DiGiacomo, Martin, Freehaver, Robinson and Angle all stars are certain to line-up for the initial whistle. Haltmen, who will replace Perkins, will go into the game determined to show his stuff and make good as a regular.

Use Same Eleven

Coach Sprout announced last night that he would probably use the same eleven at the beginning of the Mansfield game that saw action in the first minutes of the Bucyrus fray.

W. Merchant, Garrett, Tuttle, and Horn are slated to appear in the backfield, Bob Merchant, McElroy and Maio will be seen on the left side of the center with Cook, Rinnert and Schultz on the right side. Esther Evans or Kramer will start at the pivot position.

Hundreds of fans are expected to journey from Marion to witness the greatest battle of the North Central Ohio League so far this season.

SPORT BRIEFS

Lee Mallory, playing halfback for Yale on occasions, is a brother of Bill Mallory who captained the team in 1923. Which means that Lee must play just a little better than Bill to be as good as he was.

[illegible] of Minnesota [illegible] the University of Minnesota in every football game since 1919. During the period Minnesota's only score was a touchdown in the 1922 game.

A new idea in golf is being tried by a number of clubs in England and is proving fairly popular. Instead of playing in the usual way, players set out from the first tee to find the sixth hole, ignoring the greens in between. In a way this is a return to earlier forms of the game, when the players struck out across country and covered many miles in pursuit of their ball.

ALL-AMERICAN GRID CANDIDATES

BY NORMAN E. BROWN

This [illegible] is said to have remarked when the cracker [illegible] arrived from Germany, to ponder over possible selections for the annual All-American football team.

[illegible] of the eligible men, as I see them. The Big Ten can, as usual present several candidates, and two of them are Marty Karow, captain and fullback of Ohio State University, and Benny Friedman, captain and quarterback of Michigan.

BEN FRIEDMAN

MARTY KAROW

Karow has played a leading part in giving Ohio its strongest team since the days of Chick Harley. Marty's brilliant play on offense and defense was the highspot of the Buckeyes' victory over Chicago—a victory that broke a three-year tie between the schools. He played an important part in the earlier victories over Columbia and Iowa. He is one of the great line plungers of the day.

Friedman is the main spring of the Michigan eleven, one of the greatest forward passers in the game, a good field general and a good booter. The Michigan forward passing combination, Friedman and Oosterbaan, is probably the greatest pair in the game. The passing of Tully and Oberlander of Dartmouth, last fall, left them supreme in the field, I believe.

Friedman led the team to brilliant victories over Minnesota and Illinois. Ten conference battles [illegible] Wolverines face the Navy. Neither the Minnesota team nor the Illini scored on the Michigan eleven and under Friedman's hand the Yostmen ran up a total of 33 points on the two opponents.

Oddly enough both stars hail from Cleveland, O.

Los Angeles Expecting to Take '26 Coast Grid Classic

San Francisco, Nov. 5 — The 1926 football classic looms for the golden state of California and the sunny city of Los Angeles.

On December 4, Coach Knute Rockne will unleash his Notre Dame football team against the "Terrible Trojans" of the University of Southern California.

As far as the western entry for the classic is concerned, it today seems certain that it will be an undefeated eleven when it faces the Notre Dame team.

Coach Howard Jones, once famous in Old Iowa and now the most popular hero of "New" Iowa, has whipped together a powerful eleven at U. S. C.

The Thundering Herd started the 1926 season far ahead of any eleven on the Pacific Coast. Material was there and it is believed that has forced veterans of two years standing to the bench.

Greater Than Rockne's

Adam W[illegible] who was the captain of the Four Horsemen team of Notre Dame and now coach of the University of Santa Clara eleven declares that the Southern California eleven is greater than Rockne's 1924 Notre Dame eleven.

The Trojans have caught the "shift" too.

Coach Jones has devised his own style of shifting and every man on his team shifts on each play.

The Trojans cut wide open in their play.

Dunn, Larsbetta, Kaer, Williams, and Hoose are all triple threat backs with a punch.

Power is the power in the Trojan machine and is hailed as an all-American fullback.

A powerful line supports the backfield.

Charnik, the center, is one of the greatest ever seen on the Pacific Coast. Gorrell and Taylor, guards, have been chosen as all coast players for the past two years.

Hand Picked Schedule

Hobbs, freshman captain in 1925 is playing at tackle on the first varsity. He's one of those stalwart husky type of freshmen who can do anything. He is a wall on defense and a marvel at speed on the offensive play.

The Trojans have a hand picked schedule in the Pacific Coast conference race and should get by rather easily.

At the start of the season, California and Stanford appeared to be the only games on their schedule. The Bears have already faltered and Stanford is finding it difficult to beat second rate teams.

Great Trojan teams have always been the thing on the Pacific coast but they have never managed to survive a season without defeat.

Overconfidence is spoken of as a U. S. C. condition and Coach Howard is rubbing it as his toughest enemy.

The $2500 diamond-studded belt which was presented by admiring followers to George Dixon, the king of the featherweights of a generation ago, is now in possession of Red Chapman, the Boston boxer.

CLEANERS RIVAL HUBERS IN THREE BOWLING GAMES

Each Win Three Straight Matches on "Y" Runways

While Hubers were taking three games from the Y-Indus bowlers, Anthony Cleaners were duplicating the feat at the expense of the American Express Co. team last night, in the Industrial League bowling matches at the Y. M. C. A.

The Huber bowlers had little difficulty in winning their three games with the Y-Indus crew, and came through with a large margin of pins in every contest. Lantz led the winners with an even 200 pins in a single game. Single high man for Y-Indus rolled only 146.

Anthony's also had three easy victories when they met the Express Co. on the maples last night. Augustine was high scorer for Anthonys with 220 points while Leighty received the honor with the Express company team when he was chalked up with 199 points.

A tramp in the rain, then—lame muscles

WAS SO STIFF AND SORE HE COULD HARDLY BEND

As good as new next morning after simple home treatment

After tramping around all day with wet feet while out gunning, a Philadelphia sportsman found himself so stiff and lame he could hardly bend.

"I went to work but had to come home," he writes. "I applied Sloan's Liniment freely and went to bed. I was as good as new next morning, thanks to the quick and sure action of Sloan's."

Sloan's gives real relief because it doesn't just deaden the pain. It helps the body to throw off the cause of the pain.

Apply a little lightly, without rubbing. Right away the stiffness and pain ease up, as fresh healing blood is sent to the sore spots.

Get a bottle of Sloan's today and have it on hand for the first emergency. All druggists—35 cents.

Isaly Dairies to Play First Home Game Nov. 24

Columbus Fountain Drugs to be Seen in Action Here on Court in Star Auditorium

Midway Lunch Five To Play Preliminary with Visting Team To Be Selected; Lid Lifter Promises To Be Hectic Affair

ISALY DAIRIES' championship cage team will appear in action on the home floor for the first time this season Wednesday, Nov. 24, the night preceding Thanksgiving Day.

Fountain Drugs of Columbus, defeated last year by Isalys in the finals of the semi-pro state basketball tournament, will probably furnish the opposition in the lid lifter, Manager Marion Hinklin said today. The game will be played in the Star Auditorium.

The Midway Lunch five, organized this year for the first time, will meet an opponent in the preliminaries to the first contest of the Isaly cagers. The visiting team for the first Midway battle has not yet been named.

The Midways and Isalys met last night in the first big practice session of the season, the latter team preparing for the opening of the winter's schedule at Lorain, Nov. 14, when they meet the Lorain Lions.

Hinklin Organizer

The Midway team is being organized by Marion Hinklin and will be managed during the season by John Merkle, a student at St. Mary's High School and probable center on the Midway cage outfit.

The new outfit promises to rank among the best in the city, being composed of Harding High and St. Mary's High stellar performers.

Harrod Geissler, star forward of the Harding High squad for three years and chosen as captain of the Red and Black last year, lined up at forward for the Midways last night. "Henny" Rinner, also a recent shining light of the Harding crew, played the other forward position.

Johnsson and McCorwin, guards of last year's Harding five, are out for the positions on the Midways. Ralph Burke and John Merkle, students of St. Mary's and stars on the school quintet last season, were on the floor last night and Shea, a recent St. Mary's star, also donned a suit.

The first contest for the newly organized squad will probably be the preliminary match to the Isaly game, Nov. 24. All other "at home" games will be played as preliminaries to the Isaly battles. Out-of-town contests will also be scheduled.

First Scrimmage

The Isaly champions lined up in the first real scrimmage of the season last night with the some men used in the final contest last year taking the floor.

Newt Minard was bat-off man, Appegett and Robbins filled the guard positions, and Tshannon and Peury started as forwards. Phillians, Kunkler, and Miller got into the fracas during the practice game.

With Isalys scheduling some of the best teams in the state for games in the Star Auditorium and the Midway quintet also booking fast aggregations for preliminaries, Marion basketball fans are in for the treat of their lives during the winter sport season.

Jottsy's Patter

Odd Guesses in the World of Sport

By Pat Murphy

JESS CARTENTER, ex-heavyweight champion, announces that after a match in France, he will return to the United States and make it known that he wants a fight with the heavyweight champion, which means that he would like to meet with Jack Dempsey. Jess says that he does not want to meet Dempsey again. But, he believes that he is the man who proved himself a Dempsey-killer. What he really wants is a cut in the purse, and if some promoter in his American representative, Curley, he will probably get it. Curley will pay big money to have him along as far as he wants to go and then drop out at his pleasure.

THERE is a promising young welterweight now fighting regularly fortnight in New England. With a little experience he ought to get along real well. His name is Jack Britton. He has been slinging mits for a matter of twenty-five years or less. Some day he may get a break and be a champion.

Young old Jack is still fighting, and from all accounts, the New England customers who are paying their good money to see the old war horse think he is still good enough that they are willing to repeat every two or three weeks. How many of the boys who are now fighting out for a fortune to get into the ring once in six months will be able to draw a gate after a quarter century in the ring?

THE big league managers, after hearing the news of the appointment of Judge Moriarity to succeed Ban Johnson, of Detroit, and Dan Howley succeeding George Sisler at St. Louis, are wondering Sisler on first base for the Philadelphia Athletics. If Connie Mack can secure Sisler for the initial bag, he will have plugged a big hole in his infield. Bagby, who was shortstop and relief pitcher for Jack Dunn at Baltimore, was purchased this fall to play for Philadelphia. With Bagby and Sisler at first, Mack will have plenty to say about where the Boston end of the next world series will be played.

SOME of our Marion Country club golf chasers had better keep a close eye on the pill. A recent decision of the rules committee of the Royal and Ancient Golf club of St. Andrews rules that a hole in one will not be counted if the player does not know the ball is in the cup and, presuming the ball is lost, goes back and plays a second ball. Be careful, J. C. W.

THOSE who waited until the eleventh hour to get their tickets for the Michigan game at Columbus Saturday are going to be disappointed. All reserved tickets were sold for some time. Announcement has been made that about 3,000 standing room tickets will be available the day of the game. It is not expected that there will be more than 15,000 in line for these tickets when the sale opens.

AND now they say that Rogers Hornsby played all season with an injured spine, and give that as the reason why he did not lead the National League hitters for the seventh consecutive season. For a cripple, we would say Rogers did fairly well.

ROSENBERG FOR REINSTATEMENT TO MEET GRAHAM

To Make Application Before New York State Body

New York, Nov. 5—Charley "Phil" Rosenberg, recognized here as the world's bantamweight champion, but discountenanced in many states, was to apply for reinstatement before the New York State Athletic Commission today in order to be eligible to meet Bushy Graham, of Utica, for the title on Jan. 7.

Graham and Rosenberg already have signed for the match and this fact may delay reinstatement since James A. Farley, commission chairman, is said to have been nettled that Madison Square Garden officials would sign an ineligible boxer.

Rosenberg was barred because of failure to accept Graham's challenge, the suspension being effective in states that cooperate with the local board. Recently he was set down for life in Illinois and Bud Taylor named as champion of the division, this action being endorsed by the National Boxing Association.

OHIO WESLEYAN SET FOR ITS GAME WITH WITTENBERG

Contest Will Feature Bishops' Eleventh Homecoming Program

Delaware, O., Nov. 5—Following their final workout of the week Thursday, Ohio Wesleyan's Battling Bishops today were awaiting their annual gridiron tussle with Wittenberg here Saturday afternoon.

The game will feature Wesleyan's eleventh annual homecoming program and the largest crowd of the season is expected to attend. Not in 31 years has Wittenberg defeated Wesleyan and the Lutherans are coming here Saturday with the avowed intention of breaking their long losing streak.

Wittenberg is favored to trim the Bishops this year on the basis of the comparative showing of the two teams against common opponents—Ohio State and Miami. Wittenberg lost to State, 40 to 12, while Wesleyan suffered a worse defeat, 47 to 0. Both, however, won from Miami by the same margin of seven points.

The same eleven which took the field against Ohio U. here last week probably will start against Wittenberg. Kofsky, guard, again will watch the game from the sidelines because of an infected leg.

Since both Wittenberg and Wesleyan are tied with Ohio U. for the Buckeye Athletic association lead, the tilt Saturday will be all the more significant because it may go a long way toward deciding the championship.

England's first woman's hockey team was organized in 1887.

New York, Nov. 5—Jess McMahon, matchmaker for Tex Rickard, was planning to close today between Fidel La Barba, of Los Angeles, and Lew Clark, of England, with the world's flyweight title at stake. La Barba generally is recognized as world's champion at the weight, but Clark, champion of Europe, also claims the world's title.

Sybil Bauer and Edward Sullivan Announce Marriage Plans

Chicago, Nov. 5—Miss Sybil Bauer, famous aquatic star and holder of 33 world's swimming records, today confirmed reports that she is to marry Edward Sullivan, sports editor of the New York Evening Graphic.

"The marriage will be early in June. We met in Florida in February, 1925," said Miss Bauer. "It was love at first sight. When Mr. Sullivan returned to New York, he continued his courtship by air mail."

Miss Bauer declared she would retire from swimming competition after her marriage.

HARVARD SLATED TO WIN CONTEST

Will Meet Bill Roper's Tigers at Cambridge Saturday

Cambridge, Mass., Nov. 5—Bill Roper, Princeton football coach, and his Tigers will invade Harvard stadium tomorrow afternoon in an effort to stop the Big Three football season on even terms.

Although Harvard is a 7 to 1 favorite to win the Princeton game, Roper's men are confident.

Bill Roper reported that his team is in good condition. The Princeton coach would make no change in the physical condition of John Shade, great Tiger back, who has been troubled with a bad knee for the past two weeks.

Harvard will have a light final practice this afternoon.

ST. MARY'S HIGH ABANDONS CAGE TEAM THIS YEAR

No Money Available To Replace "Chuck" Rinehart, Coach

For the first time in many year's St. Mary's High will not have a basketball team this season.

The fact was established last night when two students of the high school and members of the cage team last year, announced their intentions of playing with the Midway Lunch basketball outfit during the winter.

"Chuck" Rinehart, coach of the St. Mary's quintet last year, is now employed in Cleveland and no funds are available for the hiring of another man to fill his position, it is said.

During recent years St. Mary's High has turned out several splendid basketball teams which have ranked among the best in schools of similar size.

The announcement that no team will represent St. Mary's on the basketball floor this year will be received with regret by many enthusiastic fans who closely followed the actions of the cagers last year and in previous seasons.

"Not Milled To Undersell But Over Satisfy"

LLOYDS' REGISTER SHOWS BIG SHIPPING INCREASE

113 Oilburning Vessels, Aggregating 601,420 Tons, Built in 1925-26

London, Nov. 5—One hundred and thirteen oilburning vessels, aggregating 601,420 tons gross, were built in the year 1925-26, according to Lloyd's Register of Shipping.

Forty-six, totaling 221,450 tons, were built in Great Britain and Ireland, and the remainder abroad.

While in July, 1914, there were 296 motor ships of 234,257 gross tons, in July, 1926, there were 2,349 of 5,405,284 gross tons.

Fifty-seven new vessels, of 303,825 tons gross, were fitted with installations for burning oil fuel, and the total of all such vessels in Lloyd's Register on July 26 last was 18,243,529 gross tons, as compared with 1,210,266 gross tons in July, 1914.

It is stated: "The full effect of the coal stoppage in Britain will not be shown until the complete returns are made up for the current twelve months, but that it will be serious is already indicated by the falling off in the new work coming forward.

Merchant vessels afloat at the end of June, 1926, holding the classification of Lloyd's Register, amounted to 29,172,695 tons—the highest figure ever recorded.

DRUGGISTS DEPEND ON SALE OF COSMETICS

Can Feel Safe About Bread and Butter, Drug Group Head Says

French Lick Springs, Ind., Nov. 5—"Druggists can safely depend on winning their bread and butter by selling cosmetic to America's girls."

That was the statement made here before the National Wholesale Druggists' Association by P. A. Hayes of Greensboro, N. C., vice president of the organization.

And the American women do not want anything cheap either, according to Hayes. He said they refuse to look at any powder that has a price label less than $1.

Where perfumes are concerned, according to Hayes, they have to be imported to carry a nice price tag well above the $1 mark if milady will even condescend to gaze at it.

The demand is increasing too, Hayes admitted. He says that it is not enough that there are now more than 100 varieties of rouges, of powders, of perfumes, and the end is not yet.

He blamed newspaper and magazine advertising for the huge demand, which, he said, was assisted by the modern labor saving devices that give milady extra moments in which to primp and beautify herself.

NEW KIND OF BREAD AT 23 CENTS PER DAY

Vienna, Nov. 5—A nourishing bread that will amply sustain life at the cost of twenty-three cents a day has been produced by an Austrian. The bread is made of herbs, nuts, apples and other vegetable substance and baked into a hard brick. Twenty-five grams of the bread eaten without more ado than nibbling it is sufficient for breakfast. Another fifty grams during the rest of the day will give vigorous life.

The cost of all this daily nourishment is one and a half Austrian schillings (23 cents.)

Dr. Stein, who compounded the bread declares that for twelve years it has been his only substance and that he has completely done away with kitchen and dining rooms. The economic effect he declares has been to reduce his living costs sixty per cent, and it has given him perfect health, although he is sixty-two years old.

WOOD BURNING BUSES NEW PARIS EQUIPMENT

Paris, Nov. 5—Wood-burning autobuses are an interesting feature of the Automobile Salon in Paris this year. They make use of logs instead of high-priced gasolene and are capable of seating from fourteen to twenty passengers. The Berliet Company has been demonstrating them and giving gratuitous rides to many people who find the new invention quite delightful. Just how long before one will see them on the regular bus lines, is still a question.

... a proud, much respected man, in whom the seed of greed for wealth, power and position, has, without his knowledge, taken root . . . Lady Wickens is wholly berent of the horrors, and meaning of the war, having a simple, sweet misunderstanding of it all. Dick, despite his famous label, is despondent and bewildered at the mis-interpretation England and his parents have given the war . . . their failure to realize the actual misery and suffering in which he and his sister had been participants. He is amazed and disgusted with his petty belief in their help in the war. Madge, too, finds herself rather bored with the simplicity and uselessness of life, but, in contrast to the gentler Dick, gives vent to her feelings in slang and disregard of her fathers' wish to make the charming English fashionable daughter of her. Dick is instrumental in bringing about Tom's release from prison. When Tom returns home, where his father cannot welcome him due to the demands of his title and his own desire to appear patriotic at any cost, and, after an illness brought on by lack of care and food in the camp takes his departure for London on the same day that Dick and Madge leave for America where they hope to find a country untouched by the war (which might be considered a sad anachronism on Mr. Gibbs part) Dick and Madge who can sympathize with the steadfast Tom, are unable to persuade him to accompany them.

* * *

THUS the situation . . . . cleverly portrayed through family conversation and life. The book has the fated "happy-ending" . . . how much sympathy we could give the book had Dick or Madge been left in their unhappy state, which resulted from the the war, as so many living people today are yet suffering from their war sacrifices . . . but no, Gibbs has chosen the satisfactory ending, which at least, is wholesome . . . and so—Madge finds the American captain whom she had loved in France; Dicks feels a wife in the captain's gentle little sister who succeeds in inspiring new life in him. Tom, despite his unworthy label, becomes a successful playwright, so buying his way back into his parents good graces; while Sir Thomas and Lady Wickens are happy in a charitable undertaking which wins them much prestige and Sir Thomas a coveted peerage.

Gibbs is thoroughly capable of portraying realistic characters, this novel having only served to further prove his ability along that line. He is a masterhand at creating atmosphere . . . his most minor characters, the servants, being imbued with true English personalities. The book with which Gibbs first gained so great a popularity was "Gun Fodder."

MANY new fall books have been received at the Carnegie Public Library and now grace the shelves of the juvenile department in readiness for a complete observance of "Children's Book Week," Nov. 7 to 13. The observance of such a week is in accordance with an educational movement, originated in 1919 by the American Booksellers' Association for the purpose of inspiring a love of books among children. Book week was observed in 5,000 cities last year.

The juvenile department, which was recently refinished and rearranged, is comfortable and "homey" with bright posters, and pictures, comfortable tables and chairs, and best of all "good books."

Miss Mary Coleman, supervisor of the children's department, said, in connection with the observance of book week, "What parent does not desire 'Book friends' for his children? The responsibility of the parent is not so much to see that the child reads certain books but is to encourage and guide him to a love of what is best in literature."

Among the new juvenile books are such bedtime stories as the "Doctor Doolittle" books by Hugh Lofting, a series of child classics similar to the famous child story, "Alice in Wonderland." "Careless Jane and Other Tales" by Katherine Pyle is a group of entertaining stories, which tell in rhyme of careless Jane and "the child who would not go to bed." "Poppy Seed Cakes" by Marjorie Clark is a story about Auntie Katushka and her bright shawl, poppy seed cakes, a goat, a goose and a cat, all pleasant companions for a child from four to seven years of age.

Three picture books for the child who is learning to read are the A. B. C. Book by Fall, "Kewpie Primer" by Rose O'Neill, and the "Caldecott Picture Book" by Caldecott.

Historical stories are always enjoyed by the wideawake boy or girl. Two fine books of a historical character are the "Story of Ab" by Stanley Waterloo, which treats of prehistoric man, and "Men of Iron" by Howard Pyle, a story of Henry IV and the days of chivalry.

"Scarlet Cockerel" by C. M. Sublette, is a story of adventure and mystery in France and the New World. An unique character of the book and one that will be much enjoyed by children is the huge villian who kidnaps the beautiful Marie de Costa, in true fairy-tale style.

"Merrylips" by Beulah Dix, is a charming story for girls, particularly.

MOST BEAUTIFUL AT QUAKER SCHOOL

Miss Pauline McDonald, studying music and dramatic art, has been named the most attractive co-ed at Friends' University, Wichita, Kansas. Although at a Quaker school, Miss McDonald is not a Quaker.

... tells the story of a small girl who ... the Roundabouts and Carillons were at war.

Mystery stories are especially popular with children. Among the best of that type at the library are "Apples to Juno Allen," "Peal of Seals" by Lucia Moses, an exciting story concerning itself the mystery of a drowned man and the attempts of a boy and girl to solve that mystery. "When Seals Saved the Day," by Lucia Moses, and "Mary" by Nora Waln, a story of a minister's family and their lively boy and girl.

TWENTY-ONE more persons registered at the Carnegie Public Library this month than did last year's registrations. The number registering was 156 and the number of withdrawals 1,111, making the total number of registered borrowers, 5,111. Sixty-seven volumes were added to the library, by purchase, gift and binding, giving the library a binding capacity of 17,720 volumes at the end of the month. One hundred and thirty books were mended. The total circulation of books this month was 5,127 volumes.

Citizens of Belchertown, Mass., say that Diogenes wouldn't need his lantern to find honest persons in that town. Mrs. Ethel Palmer has a road side stand with garden produce. She has her housekeeping to do. The prices are neatly listed and a cup left for the customers to put their money in, he says she always finds money enough to equal the value of the produce taken.

CONQUER CONSTIPATION EASILY

Kellogg's ALL-BRAN relieves constipation because it is 100% BRAN

Mr. McEnery tried part-bran substitutes — but only ALL-BRAN brought complete relief. Here's what he says:

"For fifteen years I was constantly bothered with constipation. About two years ago I left off mixed bran and corn flakes but did not get much relief. Some eighteen months ago I began using Kellogg's ALL-BRAN. From the first week of this good day, I have never had to take a dose of any laxative medicine of any description."

JAMES D. McENERY,
R. F. D. No. 4, Alto, Texas

Constipation is the enemy of health. The cause of more than forty diseases. Don't let this insidious trouble send its poisons through your body. Pimples, spots before the eyes, indigestion and headaches—are warning signs.

Kellogg's ALL-BRAN is guaranteed to relieve constipation or your money is refunded. Delicious with milk, fruit or with other cereals. Fine in cooking.

Made by Kellogg in Battle Creek, Michigan. Sold by all grocers. Served everywhere.

Colds

One of the world's largest laboratories perfected a way to end colds. It combined a number of modern discoveries. That way proved itself so efficient, so quick, so complete that we paid $1,000,000 for it.

That way is called HILL'S. It checks a cold in 24 hours. It ends the fever, stops the headache. It opens the bowels, tones the entire system. And without any ill effects. As a result, one usually feels better than before the cold began.

Millions now employ it. When they learn its results they keep it ever on hand. Then a cold rarely gets started.

Here is all-in-all for colds, the best modern science knows. Things will change tomorrow if you take it now. Co start it without delay.

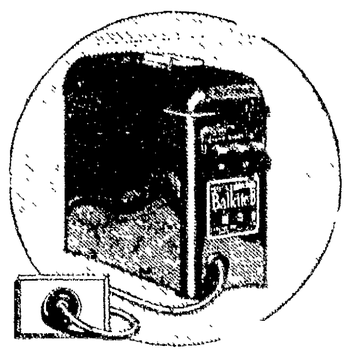
Balkite
Radio Power Units



The performance *of* Balkite "B" has yet to be equalled

The first Balkite "B" purchased by a radio set owner nearly four years ago, is still rendering satisfactory service. It will continue to do so for years to come, for it has no tubes nor anything to replace. Since that time over 75,000 Balkite "B"s all based on the same principle as the first, have been purchased. Of these, to our knowledge, *not one has ever worn out.* This record has yet to be equalled by any other "B" device. To be as good as Balkite "B," a "B" power device cannot be an experiment. It must have stood the test of time.

Balkite "B" is offered in three models to serve any set: Balkite "B"-W for sets of 5 tubes or less requiring 67 to 90 volts—$27.50. Balkite "B"-X for sets of 8 tubes or less including power tubes, capacity 30 milliamperes at 135 volts—$42. Balkite "B"-Y for any standard set, capacity 40 milliamperes at 150 volts—$60. Ask your dealer. *Fansteel Products Company, Inc., North Chicago, Ill.*

A Story of Boyhood Adventures

BY JUDD MORTIMER LEWIS

... Friday, and when I let ... was snowing in great ... as feathers, and there ... Howard and it was ... All. At breakfast my ... said it looked like we ... a white Thanksgiving, and ... she was glad of it, because ... thanksgiving makes a fat ... I said, "There, I am glad ... Glad what is over?" ... Why," I said "my ... father say that every year, ... like we are not going to ... Thanksgiving till I hear ... My grandmother grimaced, ... looked sour, and my father ... winds stop my face.

... out we went out to ... the other side of ... Gully to see if there was ... the trees, and there were ... on the snow out there ... ghosts do not make ... how there isn't any such ... no one else had been out ... were quite a lot of ... that had been froze ... them off and took them ... house because his mother ... his father don't get home ... we warmed them whilst ... getting supper for his father and himself. He made some biscuits and some Irish stew and some coffee. He is a good cook. He ast me if I would marry him when we grew up and I told him I would if it was for his face, and then we all laughed and he gave each of us a hot buttered biscuit, and then we took our pockets full of frozen apples to eat. Frozen apples taste like puffballs full of cider.

When I got home and milked the cows and carried in the milk Annabelle Lee was playing on the kitchen floor with the hammer, and my aut tried to take it away from her but she put up a holler, so my aut picked her up hammer and all to put her in her highchair, and while my aut was opening the table of the highchair with one hand Annabelle Lee gurgled and brang the hammer down on the top of her head, and my aut set her in the chair then she kinda wobbled around and sat down on the floor and then she laid over and they had to throw water in her face. If I had done it they would of blamed me, but Annabelle Lee done it so they blamed my aut for picking her up with the hammer. She did not cry, so I had a lot of supper. My aut ain't as tuff as I am.

My father told me to go to bed early and I did.

Uncle Wiggily and His Friends

... we have a nut party?" ... Bushytail, the boy ... day as he was going to ... "that would be jolly fun!" cried ... Johnnie as he frished his ... his neck like fur muffler. ... where there are a lot of but... ... we didn't gather."

... I know where there is a pile of ... nuts," added Billie. "Please, ... may we have the party?"

... you mean now—stay home from ... and have a party now?" asked Mrs. Bushytail, who was bringing in ... fluffy stuff from the pods of the ... plant to line the house and ... warm for winter.

... not a party now!" laughed ... "We'll have it after school if ... will let us."

... I think it will be all right, ... do your work," said the squir... "You know you must help ... in some more of this milk... ... to keep us warm."

... do that after school!" ... Johnnie. "Hurray for the ... party!"

... for whom are you going to have the ... asked his mother with a smile. ... you know, parties are given ... of some one."

... two squirrel boys looked at each ... puzzled like, and then Billie chat... ... party will be for us—for John... ... too."

... Bushytail was just going to ask ... sons if they didn't think that ... rather selfish, to have a party all ... themselves, when Johnnie thought ... some thing and he cried:

... nut party shall be for Uncle ... Wiggily!"

... yes! I never thought of that!" ... Billie. "We'll have the party ... Uncle Wiggily."

... Bushytail did not want to spoil ... by saying Uncle Wiggily never ... nuts, unless someone cracked them ... for him. Though a rabbit's teeth are ... for gnawing the bark of trees, ... are not so fashioned as to make it ... for them to gnaw through the hard ... of a nut which Billie and John... could easily do. But the mother ... thought everything would turn ... Now let us see if it did.

... did they have permission, ... smile and Billie began planning ... party. First they asked Un... Wiggily to be there, and the rabbit ... said he would. For, of ... it was his party, without him ... seem very funny. Then Billie ... asked all the other animal ... and girls from Sammie and Susie ... down to Jollie and Jillie ...

... afternoon the party was held ... the trees in the woods. Uncle ... was among the first to arrive, ... his tall silk hat, his red trous... ... black coat. Johnnie and Billie were there, you may be sure, and they had gathered many nuts, cracking the hard shells for such of their friends who could not do this for themselves.

"Girls and boys!" chattered Billie when all had arrived. "I now declare this party open! Begin to eat!" Johnnie slyly pulled his brother's tail. "What is it?" asked Billie.

"You forgot to say it was Uncle Wiggily's party," spoke Johnnie.

"Oh, yes, I forgot!" went on Billie. "This nut party is for Uncle Wiggily! Now eat!"

"And I'm for Uncle Wiggily, too!" suddenly snarled the Bob Cat jumping out of the bushes and leaping toward the rabbit gentleman.

"Oh, stop him! Hit him! Bang him!" cried the animal children, and they began throwing nuts at the bad chap. But the hickory nuts, butter nuts, black

Uncle Wiggily was among the first to arrive.

walnuts, pecans, almonds and beechnuts were so little they did not stop the Bob Cat. Until, all of a sudden, Uncle Wiggily picked up a big, round cocoanut like a cannon ball.

"Take that!" he cried, throwing it at the Bob Cat. And the bad chap took the cocoanut right on the end of his nose.

"Wow, zowie!" he howled. "I've had enough of this party!" and away he ran, and then everything was all right. Baby Bunty said Mr. Longears was very brave. And if the eye of the needle doesn't wink at the apple pies growing on the huckleberry bush, I'll tell you next about Uncle Wiggily and Tumble's top.

TO COMPLETE ASSIGNMENTS OF CASES TODAY

Six Items Stricken from Docket at Bar Meeting Yesterday

Assignment of cases for Common Pleas Court for the remainder of the year will be completed late this afternoon, Judge Charles L. Justice announced today.

Judge Justice yesterday read the docket at a meeting of the Marion County bar in the courtroom and cases to be heard and tried were decided upon at that time.

Six cases were stricken from the court docket yesterday afternoon.

The money action of Betty Hinds against M. Clyde Dana, administrator of the estate of Henry J. Dana, deceased, was settled and dismissed.

Suit of Clara Garn against Walter E. Hane and others was dismissed.

The case of Home Oil Co. against O. C. Walters, a suit for money, was settled.

Money action of Herman Neville against John W. Neville is settled.

An appeal case from Justice M. O. Stoll's court involving money action of the Orrison Cigar Co. against The Marion Water Co. has been settled.

A partition has been decreed in the suit of Harry A. Laucher against Edward W. Laucher and others.

Motion for a new trial in the case of Unique Illustrating Co. against H. R. Mapes and others was sustained.

Charging cruelty and neglect, Mrs. Grace A. Hoskins, 351 S. Prospect-st, today filed suit in Common Pleas Court for a divorce from her husband, Dr. J. M. Hoskins. The couple were married June 29, 1910, and have two children.

Mrs. Hoskins asserts that she left her husband yesterday when his cruel treatment compelled her to take that action. She avers that her husband has been cruel in his treatment of her for some time. She also claims that her husband has failed to provide for her and the children on certain occasions.

Mrs. Hoskins asks temporary and permanent alimony and custody of the children.

Attorney Louis E. Myers today filed an answer in the partion suit of Willis N. Hatch against Alta A. Landes and others. Attorney Myers states that John T. Hatch, whose property is involved in the suit, sold to Harry E. Crawford in 1922, a property between George and Farming-sts just east of Greenwood-st, the amount to be paid being $565. The money was to be paid to Attorney Myers in monthly installments.

Attorney Myers asks that he be dismissed as a party defendant in the suit when the payments are completed.

Mrs. Mary Hurley of this city, has been appointed executrix of the estate of Thomas F. Hurley, late of Marion.

SALVATION ARMY DRIVE TOTAL REACHES $1,500

Campaign for $5,000 Scheduled To Close Saturday Night

Reports of the men's and women's teams in the Salvation Army Maintenance appeal which is being staged this week show something over $1,500 netted in the drive today it was announced by J. W. Llewellyn, chairman of the committee in charge.

Teams of workers are making a thorough canvass of the business and residence districts and it is expected that by Saturday night, the time set for concluding the campaign, the entire amount of $5,000 will be raised.

"This attitude of the public toward Salvation Army work in Marion has resulted in a very fine morale among the workers," Mr. Llewellyn stated. Mr. Llewellyn has issued a request for more volunteer workers to assist in the business district, asking only for a couple of hours each day.

Workers on the women's teams include Mrs. Elizabeth Scheir, Mrs. Gwen Wendler and Mrs. Lennie Corwin.

STOCK MART MAINTAINS CONFIDENT PRICE TONE

Professionals Turn to High-Priced Industrials and Specialties

New York, Nov. 5—Stock prices covered considerable territory today without arriving at any place in particular. Failing to inaugurate a rally through the use of the railroad stocks, the professionals turned their attention to the high-priced industrials and specialties, from which the results appeared to be more satisfactory.

The market maintained a confident tone throughout and the professional bear gave some attention to the covering up of their short lines. Pools in the cheap specialties manipulated their stocks up and down the scale, one of the spectacular motion picture stocks going 8 points above yesterday's low. Universal Pipe was marked up about 3 points in active trading.

Main Factors

The outstanding market factors were the persistent report of an extra 3 per cent dividend for General Motors stockholders to be declared next Thursday and a forthcoming favorable report of unbilled orders of the Steel Corporation to be issued next Wednesday. Automobile manufacturers persistently maintained that orders were not falling off more than the seasonal amount. Commodity markets were unsettled and money markets unchanged.

Some of the railroad stocks made a good response to the favorable trade developments in the forenoon, though speculative interest revolved around the so-called investment rails, including New York Central, Atchison, Chesapeake & Ohio and Frisco common and preferred.

An enthusiastic forward move in United States Steel, which carried the price to 145 featured the industrial stocks.

The public utility and specialty stocks had a good day, the latter including the theatrical stocks, the Texas sulphur producing companies stocks, the iron pipe manufacturers' shares and the radio stocks. Some demand was also seen for the tobacco stocks, Philip Morris advancing to 32 for a new gain of 3 points.

SUPREME COURT REJECTS APPEAL

Steubenville Bank President Is Loser In Suit Started By Surgeon

Columbus, Nov. 5—The State Supreme Court, it was announced today, has rejected the appeal of Vincent A. M. Morelli, president of the Morelli State Bank, Steubenville, from the action of the Jefferson County courts which awarded Dr. Albert J. Guerinot, Pittsburgh surgeon, a judgment of $955 against Morelli. Guerinot filed suit against Morelli in Common Pleas Court to recover $1,000 for services including a surgical operation performed on a man named Carnahan, employed at the Morelli bank.

ENDEAVOR TO COMPLETE WORK BEFORE NOV. 13

Contractors Rushing Delaware-Rd Improvement to Completion

While contractors are endeavoring in every way possible to complete the construction of the Delaware-Rd from Marion to Waldo, with the exception of that portion which passes the Harding Memorial in time to accommodate travel to the Ohio Stadium next Saturday, a few persons persist in using the road in its incomplete stage and hold back the work, Mrs. D. V. Gallagher, secretary of the Marion Auto Club declared today.

In spite of the fact that detour signs direct motorists over a good road to Delaware through Prospect and Radnor, there are always some who can not obey requests.

The road between Marion and Waldo is positively dangerous, Mrs. Gallagher said today, and all travelling on that highway are doing so at their own risk. In some places there are "drop offs" of more than a foot to meet and a motorist cannot possibly go faster than 15 miles an hour over certain sections.

If workers are permitted to complete the construction without a group of over-anxious tourists or residents of Marion County continually bothering them by trespassing on the highway, it may be possible that the great amount of traffic passing through Marion to the Ohio State-Michigan football game will be able to make use of the new highway.

VIOLENT EARTHQUAKE SHOCK IS RECORDED

Locality of Disturbance Placed Near Lesser Antilles in Caribbean Sea

New York, Nov. 5—Officials in charge of the seismograph at Fordham University today confirmed the earthquake, recorded on the Yale University Seismograph at 3:03 o'clock this morning, and placed the locality of the shock at 2,127 miles south, or somewhere in the Caribbean Sea, near the Lesser Antilles.

Fordham officials said the shock was "an extremely violent one" and began at 3:03 o'clock, reached its maximum at 3:17 and lasted until 4:20.

YALE SEISMOGRAPH ACTIVE AT 3:03

New Haven, Conn., Nov. 5—The Seismograph at Yale University recorded a severe earthquake at 3:03 o'clock this morning.

The quake, according to the instrument, reached its maximum at 3:18. It was said the tremor undoubtedly severe and 2,000 miles distant in a southerly direction.

INJURIES CLAIM LIFE OF DETROIT NEGRO

Samuel Edwards Succumbs at City Hospital Shortly Before Noon

Samuel Edwards, colored, of Detroit, died at 11:30 o'clock this morning at City Hospital from injuries he sustained when he attempted to "hop" an eastbound Big Four freight train as it passed Union Station last Friday noon. His body will be shipped to Detroit tomorrow by train.

The man, evidently bound for Cleveland, succeeded in catching hold of one of the cars of the train but was thrown to the ground by the force of the speeding car. When taken to the Hospital the negro's left arm hung from the socket, a portion of his nose was severed, and his face cut and scratched.

No definite word has come from relatives in Detroit.

SHOE HIDING PLACE FOR CARBOLIC ACID

William Turner, 24, Denies Alleged Intentions of Attempted Suicide

William Turner, 24, was arrested on Bellefontaine-st at 8 o'clock Thursday night and taken to the city prison on an investigation charge. A search of the prisoner's clothing disclosed a small bottle of carbolic acid hidden in one of his shoes.

Turner is the young man who was found in a semi-conscious condition in Theater several months ago and investigation at that time showed that he had taken carbolic acid in an alleged attempt at suicide. He denied when arrested that he had purchased the bottle found in his possession for the same purpose.

ARTHUR PINE RECOVERING

The condition of Arthur Pine, of south of the city, who is in City Hospital suffering from burns he received when the car in which he was riding burned Tuesday is reported improved today. The accident proved fatal to his brother, Thomas.

TONSIL OPERATION

Miss Mary Smith, 788 E. Center-st, underwent an operation for the removal of her tonsils and adenoids this morning at City Hospital.

CONDITION IMPROVED

Frank LaBarbera, Avondale-ave, who underwent an abdominal operation at City Hospital two weeks ago, is reported improving today.

HERB WIZARD'S INDIAN TONIC CONTINUES TO HELP PEOPLE

Redwood's Medicine Offers Safe And Harmless Treatment For Rheumatism, Catarrh, Lumbago, Stomach, Kidney and Liver Ailments

Machinist At General Electric Co., Cleveland, Says He Was Relieved In Few Weeks After Suffering Two Years.

Although Redwood's Tepee Herb Tonic has been obtainable at all drug stores only a comparatively short time, it is well known throughout the entire Middle West and it is highly praised by thousands because of the relief it has afforded them from stomach, kidney or liver ailments.

A typical example of what people are saying about Tepee Herb Tonic is embodied in the statement of John Matjazich, 1581 Trafalger Ave., Cleveland, Ohio. He says:

"For two years I was troubled with chronic constipation and indigestion. If I ate any meat I was sure to be troubled with gas and bloating. I would wake up in the morning with a headache and when I went to get out of bed I would be dizzy. I didn't have much of an appetite and my body became under nourished. I kept right on going down hill and losing weight.

"Then I tried this Indian Herb Tonic and oh my, what blessed relief it gave me. I do not have any more trouble with my stomach. When I get up in the morning I feel good. I can't begin to tell you what a grand medicine Tepee Herb Tonic is."

If you don't feel well try Tepee Herb Tonic. It has relieved others and it will also relieve you.

Tepee Herb Tonic may be had in Marion at Bradley's, Hemrey & Cooper's, Wm. M. Stumpf, Bartlett's, and all drug stores; Richwood, H. D. Kyle.—Adv.

The Future Electricity

Men who twenty years ago were saying that "the electric age" is upon us hardly knew the meaning of the term. Perhaps we do not yet fully grasp its significance, but we are a long way nearer to understanding it in these days of reliable and constant generating of power and practically unlimited distribution.

Service To Be Abandoned by Dayton-Covington-Piqua Traction Co.

Columbus, Nov. 5—With the abandonment of service by the Dayton-Covington-Piqua Traction Co., scheduled to become effective tomorrow midnight, but a few hours away, the Utilities Commission was expected to take some action this afternoon on the applications of eight individuals and business concerns who are seeking permission to operate a bus line along the same route.

Hearings have already been heard on the petitions of the Springfield-South Charleston Transportation Co., Dayton-Covington Coach Line, R. C. Coleman, N. M. Lanich, the Central Ohio Motor Coach Co., J. H. Baum, Miami Valley Coach Co., and the Dayton-Covington-Piqua Coach Line.

SLAYER OF GRANDMOTHER DECLARED INSANE TODAY

London, Ohio, Nov. 5—Paul Weese, 21, confessed slayer of his grandmother, Mrs. Flora Rickard, 75, today stood declared insane and was awaiting transfer from the county jail here to the Lima State Hospital for the Criminal Insane.

Weese admitted the murder, declaring:

"Everyone told me to do it."

He had been raised from infancy by his grandmother, his mother having died 20 years ago.

Mrs. Rickard was stabbed 30 times with a kitchen knife.

TYPHOID FEVER IMMUNIZATION EMPHASIZED

Health Board Members Advocate Immediate Action by Exposed Persons

The importance of immunization for all persons exposed to typhoid fever was emphasized Thursday afternoon by members of the City Board of Health at their monthly meeting when Dr. W. J. Weiser, Health Commissioner, reported that one typhoid fever victim died here during October after refusing to take serum treatment as a safeguard.

This case was that of a young man who resided on Fawcas and who was exposed to typhoid fever as a result of his sister having been taken ill of the ailment. Dr. Weiser and members of the health board believe that had the young man received immunization treatment he would not have contracted the disease. His sister is now well on the road to recovery.

Five cases of typhoid came under Dr. Weiser's supervision during October. Four developed in one family on St. Clair st. but not all of them were included in last month's record, the disease having started in the home late in September.

These typhoid cases, as well as nearly all others reported during the last few months, developed in the western part of the city where many homes are not supplied with city water. Most of the fever has been traced to use of contaminated well water. This condition is being gradually overcome as city water lines are extended on West Side streets.

Dr. Weiser reported excellent progress with Schick testing in the schools and announced that the total number of children taking the test this year will exceed the total for 1925.

QUALITY OF MILK IN MARION IS IMPROVING

Dr. J. T. Gruber Gives Report at Monthly Board of Health Meet

Steady improvement in the quality of Marion's milk supply was reported by Dr. J. T. Gruber, city milk and meat inspector, at the monthly meeting of the Board of Health, held Thursday afternoon. During October 187 samples of milk were collected and in addition to showing excellent grade tests, disclosed a bacteria count that was the lowest registered since the inspection system has been in effect here, Dr. Gruber said.

Dr. Gruber also gave an interesting report of the annual convention of the National Association of Food Inspectors, held last week in Philadelphia. Valuable information regarding modern methods of inspection of food and safeguarding of the public health was obtained from attending the convention, the Marion official stated.
